SOLICITATION OF PROXIES

THIS MANAGEMENT PROXY CIRCULAR IS FURNISHED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF CCL INDUSTRIES INC. (THE “COMPANY”) FOR USE AT THE ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS of the Company (the "Meeting") to be held at the corporate offices of the Company at Suite 801, 111 Gordon Baker Road, Toronto, Ontario M2H 3R1, at 2:00 p.m. (Toronto time), on Thursday, May 9, 2024, for the purposes set out in the accompanying notice of meeting (“Notice of Meeting”), and at any adjournment(s) thereof. The solicitation will be primarily by mail; however, the directors, officers and employees of the Company may also solicit proxies by telephone, by facsimile or in person. The cost of solicitation by management, as well as the cost of preparing and delivering this Management Proxy Circular and accompanying materials, will be borne by the Company.

NOTICE-AND-ACCESS

The Company has elected to use the notice-and-access procedure (“Notice-and-Access”) under National Instrument 51-102 – *Continuous Disclosure Obligations* and National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, for the delivery of the Company’s Notice of Meeting and Management Proxy Circular and 2023 Annual Report (which includes the Company’s audited annual financial statements and management’s discussion and analysis (MD&A)) (the “Meeting Materials”) to all registered and beneficial shareholders for the Meeting. Under the provisions of Notice-and-Access, all shareholders will receive a Notice-and-Access Notice (“Notice”) containing information on how they can either access the Meeting Materials electronically instead of receiving a printed copy or, alternatively, how they can receive a printed copy of the Meeting Materials. Together with the Notice, holders of Class A voting shares will receive a proxy or a voting instruction form enabling them to vote at the Meeting. The Meeting Materials will be posted on www.meetingdocuments.com/TSXT/CCL as of April 5, 2024, and will remain on the website for one year thereafter. The Meeting Materials will also be available under the Company’s SEDAR+ corporate profile at www.sedarplus.ca as of April 5, 2024. The use of Notice-and-Access is an environmentally friendly and cost effective way to distribute the Meeting Materials because it reduces printing, paper and postage.

FOR

- the election of the directors, in favour of each of the nominees for director named in this Management Proxy Circular
- the reappointment of KPMG LLP, Chartered Professional Accountants, as the auditor of the Company, in favour of such reappointment, and to authorize the directors to fix the remuneration of the auditor
- the approval of an amendment to the Company's Deferred Share Unit Plan for Non-Employee Directors (the "DSU Plan") to increase the number of Class B non-voting shares reserved and available for issuance by 200,000 Class B non-voting shares

Please refer to the second paragraph under the heading "Election of Directors" on page 8, concerning changes to the *Canada Business Corporations Act* ("CBCA") on majority voting for directors.

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting or other matters that may properly come before the Meeting. As at the date of this Management Proxy Circular, management knows of no such amendments or other matters to come before the Meeting other than the matters specifically identified in the accompanying Notice of the Meeting. If, however, amendments or other matters properly come before the Meeting or any adjournment thereof, the persons designated in the accompanying form of proxy will vote thereon in accordance with their judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

DUAL CLASS SHARE STRUCTURE

The Company's authorized share capital consists of an unlimited number of Class A voting shares and an unlimited number of Class B non-voting shares. The current dual class share structure was created pursuant to a capital reorganization completed in June 1983. Pursuant to articles of amendment (the "Articles of Amendment") approved at a special meeting of the Company's holders of common shares held on May 31, 1983, and filed on June 27, 1983, the Company reorganized its share capital by reclassifying its common shares into Class A voting shares and Class B non-voting shares on the basis that, for each three common shares held, shareholders would receive one Class A voting share and two Class B non-voting shares. The share reorganization was completed in connection with the purchase by the Company from The Continental Group, Inc. of its Canadian metal packaging operations. The purchase was partially funded through proceeds raised by the public offering by way of prospectus of Class B non-voting shares from treasury.

The Articles of Amendment provided for the Class B non-voting shares to have a preferential dividend of \$0.10 per share per annum more than the dividend payable on the Class A voting shares. At the time, the dividend on the Class A voting shares was \$0.40 per share per annum and the dividend on the Class B non-voting shares was \$0.50 per annum. Due to subsequent stock splits, the preferential dividend payable on the Class B non-voting shares is currently \$0.01 per share per annum more than the dividend payable on the Class A voting shares (i.e., in 2023, dividends of \$1.06 per share were paid on the Class B non-voting shares and dividends of \$1.05 per share were paid on the Class A voting shares). Each Class A voting share is convertible at the option of the holder into one Class B non-voting share. The Articles of Amendment also included the takeover protective provisions for the holders of Class B non-voting shares described below.

As at the date hereof, a private Ontario corporation (1281228 Ontario Inc.), owned as to 50% each by Donald G. Lang, Director and Executive Chairman of the Company, and Stuart W. Lang, Director, beneficially owns, or controls or directs, directly or indirectly, 11,209,400 Class A voting shares, being 95.4% of the outstanding Class A voting shares; and 13,655,924 Class B non-voting shares, being 8.2% of the outstanding Class B non-voting shares; or 14.0% of the total outstanding share capital of the Company. The board of directors (the "Board") believes that the long-term investment perspective of the controlling shareholder has permitted the Company to make decisions that have contributed to growth in shareholder value. While the interests of the Class A voting shareholders and Class B non-voting shareholders are aligned on most matters that come before the Board, the Board nonetheless has governance practices in place to ensure that any conflicts of interest or potential conflicts of interest are identified and appropriately addressed. These practices include a majority of the members of the Board being independent (please refer to the section entitled "Independence of Directors" below); the appointment of a lead independent director; all of the members of the Nominating and Governance Committee, Audit Committee and Human Resources Committee being independent; the Nominating and Governance Committee considering and making a recommendation to the Board regarding any related party transaction; and an in camera session of independent directors only (which excludes the director representatives of the controlling shareholder) being held at each meeting of the Board, and of the Nominating and Governance Committee, Audit Committee and Human Resources Committee.

Except with respect to the voting rights of the holders of Class A voting shares hereinafter described, and the preferential dividend on the Class B non-voting shares described above, the Class A voting shares and the Class B non-voting shares otherwise rank equally in all respects under the Company's articles.

The CBCA provides that each share of a corporation carries the right to vote in respect of certain transactions involving that corporation, even if such share does not otherwise carry the right to vote. Such transactions include an amalgamation with another corporation (other than with wholly owned subsidiaries), continuance under the laws of another jurisdiction, certain amendments to the articles of the corporation altering the corporation's share capital and a sale, lease or exchange of all or substantially all of the corporation's property, other than in the ordinary course of business of the corporation. Apart from such voting rights created under the CBCA, the holders of Class B non-voting shares do not normally have the right to vote at any meeting of shareholders of the Company. **Holders of Class B non-voting shares have no right to participate in a take-over bid made for the Class A voting shares of the Company.**

The Articles of the Company provide, however, that if a take-over bid is made for the Class A voting shares and the value of the consideration paid for any of such shares acquired exceeds 115% of the market price of the Class B non-voting shares (calculated in accordance with the Regulation to the *Securities Act* (Ontario) as such Regulation existed on June 27, 1983, being the date of creation of the Class B non-voting shares) and if it is determined by the directors of the Company, after the take-over bid is complete, that the offeror has become the beneficial owner of, or exercises control or direction over, Class A voting shares carrying more than 50% of the votes to which the holders of the Class A voting shares are entitled, there will be deemed to have been a change in control of the Company. In such event, the Class B non-voting shares will become entitled to one vote per share (but the dividend entitlement attached to such shares will thereafter be the same as the dividend entitlement attached to the Class A voting shares) unless the same offer is made to the holders of the outstanding Class B non-voting shares.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Each of the Company's directors, other than Messrs. Donald G. Lang and Geoffrey T. Martin, are eligible to participate in the Company's DSU Plan and each hold outstanding deferred share units under the DSU Plan. Please refer to "Particulars of Matters to be Acted Upon – Amendment to the DSU Plan for Non-Employee Directors" for further particulars of the DSU Plan and directors' participation.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Board has established March 22, 2024, as the record date for the Meeting (the "record date"). As of March 15, 2024, there are 11,748,723 Class A voting shares and 166,358,375 Class B non-voting shares issued and outstanding. Each Class A voting share carries the right to one vote per share. The Class B non-voting shares, as stated above, carry no vote in respect of any matter identified in the Notice of the Meeting to be brought before the Meeting. Only the holders of Class A voting shares are entitled to vote on such matters. Each holder of issued and outstanding Class A voting shares of record at the time of the close of business on the record date will be given notice of the Meeting and will be entitled to vote at the Meeting in person or by proxy the number of Class A voting shares of record held by such holder on the record date.

To the knowledge of the directors and officers of the Company, the only person or company beneficially owning, or controlling or directing, directly or indirectly, 10% or more of the issued and outstanding Class A voting shares of the Company is 1281228 Ontario Inc., a private Ontario company that exercises control or direction over 11,209,400 Class A voting shares, being 95.4% of the issued and outstanding shares of that class on the date hereof. As described above, Donald G. Lang, Director and Executive Chairman of the Company, and Stuart W. Lang, Director, each own 50% of the issued and outstanding shares of 1281228 Ontario Inc.

PARTICULARS OF MATTERS TO BE ACTED UPON

Election of Directors

The Articles of the Company provide that the Board of the Company shall consist of a minimum of five directors and a maximum of 15 directors. The Board of the Company has fixed the number of directors to be elected at the Meeting at 10. The persons named in the accompanying form of proxy intend to vote for the election of each of the 10 nominees, whose names are set forth below, unless a shareholder has specified in the form of proxy that such shares are to be voted against the election of any director or directors.

Each director elected will hold office until the next annual meeting of shareholders or until their successor is duly elected unless prior thereto, the director resigns or the director's office becomes vacant by reason of death or other cause. Following amendments to the CBCA, which became effective on August 31, 2022, shareholders will be asked to vote "for" or "against" each director nominee. If, at a non-contested meeting, any director nominee receives more votes against than votes cast in favour of their election, then such nominee will not be elected as a director. If the nominee is an incumbent director, they may continue in office until the earlier of the 90th day after the election, or the day on which their successor is appointed or elected. In limited circumstances, the Board may reappoint an incumbent director, even if they do not receive majority support, to satisfy Canadian residency requirements or to satisfy the CBCA requirement that at least two directors are not also officers or employees of the Company or its affiliates. The Company will issue a news release following the election of directors disclosing the voting results.

At the annual meeting of shareholders of the Company held May 11, 2023, proxies were received for 11,454,189 out of 11,781,887 issued and outstanding Class A voting shares, representing 97.2% of the Company's issued and outstanding Class A voting shares. Only holders of Class A voting shares are eligible to vote for the election of directors. Each of the persons standing for election as directors at that meeting received the following votes:

Appointment and Remuneration of Auditor

Unless authority to vote is withheld, persons named in the accompanying form of proxy intend to vote for the reappointment of KPMG LLP, Chartered Professional Accountants, of Toronto, Ontario, as the auditor of the Company to hold such appointment until the next annual meeting of shareholders, and to authorize the directors of the Company to fix the remuneration of the auditor. KPMG LLP has been the auditor of the Company for more than five years.

Amendment to the DSU Plan for Non-Employee Directors

The Meeting will be asked to consider, and, if thought appropriate, to approve an ordinary resolution in the form attached as Schedule A authorizing an amendment to the Company’s DSU Plan to increase the number of Class B non-voting shares reserved and available for issuance by 200,000. The DSU Plan was originally established effective January 1, 2004, and has been subsequently amended and restated as of November, 2009, November 30, 2015, February 22, 2019, August 6, 2020, and further amended and restated as of February 22, 2024. The participants under the DSU Plan are the non-employee members of the Board of the Company (“Eligible Directors”). The DSU Plan provides that the amounts due upon the redemption of Deferred Share Units (“DSUs”) are to be satisfied by the issuance of Class B non-voting shares from treasury or, at the sole option of the Company, by payment in cash. The number of DSUs reserved for issuance under the DSU Plan is 550,000 Class B non-voting shares. Substantially all of the Class B non-voting shares previously reserved under the DSU Plan have been issued or allotted for issuance and, accordingly, the Company is proposing to reserve an additional 200,000 Class B non-voting shares for issuance under the DSU Plan, such that the maximum number of Class B non-voting shares that have been issued or which could be issuable under the DSU Plan will be increased to 750,000 Class B non-voting shares.

As of the date hereof, 267,913 DSUs have been granted to directors of the Company and remain outstanding, with the associated Class B non-voting shares representing approximately 0.16% of the issued and outstanding Class B non-voting shares. See the details of the number of DSUs outstanding under the name of each Eligible Director at “Particulars of Matters to be Acted Upon” – Election of Directors” – “Securities Held”.

Overview

Under the terms of the DSU Plan, Eligible Directors may elect to receive, in lieu of total cash remuneration that would otherwise be payable to such directors or any portion thereof, the number of DSUs equivalent to such cash remuneration. Such DSUs are awarded on a quarterly basis in lieu of all or part of the fees owing to them. As a matter of Company policy, directors who have achieved their equity ownership requirement of three times their annual retainer, are no longer eligible to receive their cash compensation in DSUs. In addition, the Board, in its discretion, may award additional DSUs to Eligible Directors; provided that the number of additional DSUs which may be awarded to any one Eligible Director in any one year is limited to such number of DSUs having a fair market value (as determined under the DSU Plan) of no more than \$150,000 in the aggregate.

A DSU is a bookkeeping entry equivalent to one Class B non-voting share. The number of DSUs credited to an account maintained for each participating director is calculated by dividing the cash remuneration that would otherwise be payable by the fair market value of a Class B non-voting share of the Company on the date of issue of the DSU. Fair market value is calculated under the DSU Plan as the simple average of the high and low trading prices of the Class B non-voting shares for the five trading days immediately preceding the date of issue or redemption, as the case may be. DSUs vest immediately when granted but cannot be redeemed or paid out until such time as the Eligible Director ceases to be a director of the Company. Upon a person ceasing to be a director, such person will have until December 1 of the calendar year following his or her retirement from the Board to redeem his or her DSUs. Under the terms of the DSU Plan upon redemption, a holder of DSUs is entitled to receive the number of Class B non-voting shares issued from treasury equating to the number of his or her DSUs (less an adjustment for requisite statutory withholdings), or, at the sole option of the Company, a cash amount equal to the fair market value of an equal number of Class B non-voting shares on the date of notification of redemption. It is the Company's intention to satisfy redemptions of DSUs by the issuance of treasury shares, though it has the option to settle in cash where the issuance of treasury shares would not be appropriate.

Description of Provisions of the DSU Plan

The following is a description of the provisions of the DSU Plan, including the proposed amendment to increase the number of Class B non-voting shares issuable:

Shares Available: The Board may at any time and from time to time, in accordance with the DSU Plan, reserve and/or issue such number of treasury Class B non-voting shares in respect of DSUs granted as the Board may determine; provided that the maximum number of Class B non-voting shares issuable under the DSU Plan shall be 750,000 Class B non-voting shares or such greater number as shall have been duly approved by the board and, if required, by the TSX and the shareholders of the Company, from time to time. The number of Class B non-voting shares issuable at any time to any one person pursuant to the DSU Plan and other share compensation arrangements of the Company shall not exceed 5% of the sum of the number of Class B non-voting shares and Class A voting shares of the Company then issued and outstanding (the "Outstanding Issue"). There is no restriction on the redemption of DSUs for cash. "Share compensation arrangements" means any compensation or incentive mechanism involving the issuance or potential issuance of Class B non-voting shares of the Company, including without limitation, a purchase from treasury of Class B non-voting shares where the purchase is financially assisted by the Company, a stock option, a stock option plan and a stock appreciation right involving the issuance of Class B non-voting shares from treasury.

Administration: The DSU Plan is administered by the Nominating and Governance Committee of the Board.

Participation: Participation in the DSU Plan is open to any member of the Board from time to time who is neither an employee nor an officer of the Company or any subsidiary of the Company on the date of election, re-election, appointment or re-appointment.

Insider Limits: The number of Class B non-voting shares issuable at any time to Insiders pursuant to DSUs granted under the DSU Plan, together with Class B non-voting shares issuable to Insiders pursuant to all other share compensation arrangements shall not, collectively, exceed 10% of the Outstanding Issue. In

addition, the number of Class B non-voting shares issued to Insiders pursuant to DSUs granted under the DSU Plan, together with Class B non-voting shares issued to Insiders pursuant to all other share compensation arrangements shall not, collectively, within any one year period, exceed 10% of the Outstanding Issue. For the purposes hereof, "Insider" includes directors and officers (and their respective associates) of the Company and of certain subsidiaries of the Company.

Payment and Elections: An Eligible Director may elect to receive a portion of his or her annual remuneration in DSUs (including any additional amount awarded in respect of being the chair of a committee or any meeting fees or other fees) in any combination of cash or DSUs. In order to participate in the DSU Plan, an Eligible Director must deliver a written election to the Company before the beginning of the calendar year for which the election is to apply. If no election is made before the beginning of a calendar year, and no prior election remains effective, the Eligible Director shall be deemed to have elected to be paid in cash for that period.

DSU Accounts: Accounts will be maintained on the books of the Company for each Eligible Director participating in the DSU Plan, to which DSUs granted under the DSU Plan will be credited. If an Eligible Director elects to receive all or a portion of his or her remuneration in the form of DSUs, there will be credited to such account maintained for that Eligible Director that number of DSUs (including fractional DSUs) determined by dividing (i) the amount of remuneration that the Eligible Director elects to receive in DSUs by (ii) the fair market value of a Class B non-voting share on the date that an Eligible Director's compensation would otherwise be payable entirely in cash.

Dividends: When dividends are paid on Class B non-voting shares, each Eligible Director participating in the DSU Plan shall be credited on the dividend's payment date with dividend equivalents in respect of the number of DSUs held in such Eligible Director's account as of the record date for such dividend so declared. Such dividend equivalents shall be converted into additional DSUs (including fractional DSUs) based on the fair market value of the Class B non-voting shares on the date the dividends are paid to the shareholders of record.

Award of Additional Compensation: The Board, on an annual basis as part of the review of directors' compensation, may award Eligible Directors additional compensation in the form of DSUs. In determining whether to grant any additional DSUs, the Board will consider comparative compensation levels of peer companies and such other criteria as the Board deems appropriate in its sole discretion. Any DSUs so awarded shall be administered in the same manner and be subject to the same terms and conditions as DSUs credited in respect of compensation otherwise payable to Eligible Directors. The Board may in its sole discretion, require that any additional DSUs awarded be subject to such conditions as it may deem appropriate in the circumstances. For greater certainty, the number of additional DSUs which may be awarded to any one Eligible Director in any one year shall be limited to such number of DSUs having a fair market value (determined based on the date(s) awarded) of no more than \$150,000 in the aggregate.

Payment: An Eligible Director who has ceased to be a director of the Company for any reason (including death) may redeem all (but not less than all) of the DSUs credited to his or her account by filing a notice of redemption. If an Eligible Director fails to file a notice of redemption on or before December 1st of the calendar year following such termination of board service (and the termination of any other office or position held by the Eligible Director with the Company or any subsidiary of the Company), the Eligible Director (or such Eligible Director's estate or designated beneficiary or beneficiaries, as the case may be) shall be deemed to have filed a notice of redemption on December 1st of the calendar year following such termination of service. The date on which a notice of redemption is filed or deemed to be filed with the Company is herein referred to as the "Filing Date." Upon receipt or deemed receipt of the Eligible Director's notice of redemption, the Company shall calculate the aggregate amount payable to the Eligible Director, which shall be determined by multiplying the number of DSUs credited to the Eligible Director as of the Filing Date multiplied by the fair market value of a Class B non-voting share as of the Filing Date. Within 30 days of the Filing Date, the Company will pay the applicable amount, net of all requisite statutory withholdings, to the Eligible Director, by means of: (i) the issuance by the Company from treasury of the applicable number of Class B non-voting shares, rounded down to the nearest whole number; or (ii) at the sole option of the Company, cash, net of all requisite statutory withholdings. Any fractional Class B non-

voting shares to which an Eligible Director would otherwise be entitled shall be paid in cash based on the fair market value of a Class B non-voting share as of the Filing Date.

Death of an Eligible Director: Upon the death of an Eligible Director, the required payment will be made not later than December 1st of the calendar year following the Eligible Director's death to the estate of the Eligible Director or to one or more beneficiaries set forth in a Designation of Beneficiary form filed with the Company by the Eligible Director provided that each such beneficiary is a "dependant" or a "relation" of such Eligible Director, as those terms are determined for purposes of paragraph 6801(d) of the *Income Tax Regulations* (Canada).

Assignability of DSUs: DSUs are not transferable or assignable other than by will or pursuant to the laws of descent and distribution.

Trading Blackouts: If the date on which the fair market value of a Class B non-voting share under the DSU Plan is to be determined occurs during or within five trading days following the cessation of any restricted trading period imposed by the Company during which any of the directors and officers and such other employees of the Company as are designated as Insiders by the Company are prohibited from trading in securities of the Company (a "Trading Blackout"), then the date for determining the fair market value of a Class B non-voting share will be the sixth trading day following cessation of the most recent Trading Blackout. In addition, if the date on which an Eligible Director is entitled to receive payment occurs within a Trading Blackout, the last date for payment by the Company shall be extended to the thirtieth day following cessation of such Trading Blackout, provided however that in no event shall such payment date be extended beyond December 31st of the year following the year in which the Eligible Director became eligible to redeem his or her DSUs.

Adjustments and Reorganizations: In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Company's assets to shareholders or any other change affecting the Class B non-voting shares, such proportionate adjustments, if any, as the Board in its discretion may deem appropriate to reflect such change, will be made with respect to the number of DSUs then outstanding under the DSU Plan.

Unfunded Plan: Unless otherwise determined by the Board, the DSU Plan will be unfunded. To the extent any individual holds any rights by virtue of DSUs awarded under the DSU Plan, such rights will be no greater than the rights of an unsecured general creditor of the Company. A holder of DSUs will not have any rights as a shareholder of the Company with respect to any Class B non-voting shares which may become issuable pursuant to the DSUs so held, whether in respect of voting, liquidation or otherwise.

Termination of DSU Plan: The Board may, in its discretion, terminate the DSU Plan at any time. However, if the DSU Plan is so terminated, all prior DSU credits shall remain outstanding and in effect in accordance with their applicable terms and conditions, including the crediting of dividend equivalents thereon.

Amendments to DSU Plan: Subject to any required approval of the Toronto Stock Exchange ("TSX") and shareholders' approval, the Board may from time to time amend the DSU Plan and the terms and conditions of any DSUs thereafter to be granted and the Board, with the consent of the affected holder of a DSU, may from time to time amend the DSU Plan and the terms and conditions of any DSUs which have been theretofore granted, in each case without the approval of the Company's shareholders. For greater certainty, no additional DSUs may be granted to an Eligible Director to compensate for a downward fluctuation in the price of the Class B non-voting shares, nor may any other form of benefit be conferred on, or in respect of, an Eligible Director for such purpose.

Amendments Requiring Shareholder Approval: The shareholders of the Company will be required to approve any amendment to the DSU Plan or any DSU which: (i) removes or increases the limits on the Insider participation under the DSU Plan described in "Insider Limits" above; (ii) increases the number of Class B non-voting shares reserved for issuance under the DSU Plan (other than as contemplated in "Adjustments and Reorganizations" above); (iii) broadens the categories of persons eligible to receive DSUs under the DSU Plan; (iv) amends the restrictions on assignability of DSUs, other than to permit the transfer of a DSU to a registered retirement savings plan, a registered retirement income fund or to other

similar plans for the benefit of an Eligible Director; (v) requires the approval of shareholders under applicable law, including the rules, regulations and policies of the TSX; or (vi) amends the provisions of the DSU Plan requiring shareholder approval for certain amendments to the DSU Plan as described in this item “Amendments Requiring Shareholder Approval”.

U.S. Participants: The DSUs of an Eligible Director who is subject to U.S. income tax in respect of DSUs granted under the DSU Plan (a “U.S. Participant”) will be deemed to be redeemed on the U.S. Participant’s “separation from service” within the meaning of Section 409A of the U.S. Internal Revenue Code of 1986, as amended, and the Treasury Regulations promulgated thereunder as in effect from time to time (“Section 409A”). Payment for the value of all of a U.S. Participant’s DSUs will be made to the U.S. Participant as soon as administratively practicable, but no later than 90 days after the U.S. Participant’s “separation from service”, subject to the following sentence. If a U.S. Participant is determined to be a “specified employee” within the meaning of Section 409A, payment for the value of all of such U.S. Participant’s DSUs will not be made before the date that is six months after such U.S. Participant’s “separation from service” and such payment shall be made within 10 business days after the end of such six month period or, if earlier, within 10 business days after the date of death of such U.S. Participant. In no event will a U.S. Participant have the right to designate the taxable year of all or any part of such payment. For greater certainty, it is intended that the provisions of the DSU Plan comply with Section 409A, and all provisions of the DSU Plan shall be construed and interpreted in a manner consistent with the requirements for avoiding taxes or penalties under Section 409A.

Vote Required

The TSX requires that the resolution, substantially in the form set forth in Schedule A, to approve the proposed amendment to the DSU Plan, be approved by a majority of the votes cast by holders of Class A voting shares. Holders of Class B non-voting shares will not be entitled to vote on such resolution. The persons named as proxies in the enclosed form of proxy intend to vote the Class A voting shares represented thereby in favour of the resolution approving this amendment to the DSU Plan unless the form of proxy has been marked “Against.” If shareholders do not approve the amendment to the DSU Plan, existing DSUs will remain outstanding and no further DSUs, other than in respect of 22,374 available for issuance prior to the amendment of the DSU Plan, may be issued.

CALCULATION OF FOREIGN EXCHANGE AND OTHER VALUES

Values related to compensation and benefits of directors and officers and other matters are presented in this document in Canadian dollars. Where any such value was originally calculated in United States dollars, Euros or Swiss francs, such values have been converted into Canadian dollars based on the Bank of Canada average year-to-date exchange rate as follows:

	United States dollars (US\$1.00)	Euros (€1.00)	Swiss francs (CHF1.00)
December 31, 2023	C\$1.3497	C\$1.4597	C\$1.5024
December 31, 2022	C\$1.3013	C\$1.3696	C\$1.3629
December 31, 2021	C\$1.2535	C\$1.4828	C\$1.3713

Where a value originally in Canadian dollars has been converted into United States dollars as at December 31, 2023, the December 29, 2023 Bank of Canada conversion rate of C\$1.00 = US\$0.7561 is applied. Where a value is stated to be given as at March 15, 2024, the March 15, 2024 Bank of Canada conversion rate of US\$1.00=C\$1.3533 is applied. For purposes of the various calculations in this document, the closing price of the Class B non-voting shares on the TSX was \$59.59 on December 29, 2023, and \$71.35 on March 15, 2024.

USE OF NON-IFRS MEASURES

The Company utilizes non-IFRS measures to set targets for its short-term and long-term incentive plans. These measures do not have standardized meanings under IFRS and are not necessarily comparable to similarly named measures used by other companies. These measures, and reconciliations to the most directly comparable measures calculated in accordance with IFRS, are described in detail in section 5 of the Company's MD&A; however, in setting compensation targets, the Company excludes the effect of foreign exchange. This additional adjustment is made so that bonus payments to executives will be based on performance and will not increase or decrease due to foreign currency translation. The non-IFRS measures used in the Company's incentive plans are as follows.

Adjusted Basic Earnings per Class B non-voting Share is utilized as a measure in the Company's annual incentive plan to consider the ongoing earnings performance excluding items of a one-time or non-recurring nature and is defined as basic net earnings per Class B non-voting share excluding gains on business dispositions, goodwill impairment loss, non-cash acquisition accounting adjustments, restructuring and other items and tax adjustments. For incentive plan purposes, adjusted basic earnings per Class B non-voting share is then adjusted to exclude foreign currency translation ("adjusted earnings per share"). Any adjustments to the earnings per share calculation for incentive purposes are reviewed in detail by the Audit Committee and recommended to the Human Resources Committee ("HR Committee").

Operating Income is utilized as a measure in the Company's annual incentive plan for operational executives as an indicator of the profitability of the Company's business units and their actual performance and is defined as income before corporate expenses, net finance costs, goodwill impairment loss, earnings in equity accounted investments, restructuring and other items and tax. Operating income as defined above is also used in the Company's Long-Term Incentive Plan, or "LTIP" (described under the heading "Long-Term Incentive Plans," below). The operating income improvement target established for the LTIP is cumulative over the five-year LTIP period and is adjusted to exclude the effect of foreign currency translation ("cumulative operating income" or "COI").

NAMED EXECUTIVE OFFICERS

Throughout the report on executive compensation contained in this document, reference is made to the "NEOs," or "named executive officers" of the Company. These persons were, at December 31, 2023:

Name	Title
Geoffrey T. Martin	President and Chief Executive Officer ("CEO")
Sean P. Washchuk	Senior Vice President and Chief Financial Officer ("CFO")
Lalitha Vaidyanathan	Senior Vice President, Finance-IT-Human Resources
Ben Rubino	President, Home & Personal Care
Guenther Birkner	President, Food & Beverage, Healthcare & Specialty and Innovia

Compensation and benefits of NEOs are paid in the currency of the country in which they are resident. In the case of the President, Food & Beverage, Healthcare & Specialty and Innovia, his compensation is approved by the HR Committee in euros and paid in Swiss francs. For purposes of the tables and narratives throughout this document, such values that have been paid in US dollars and Swiss francs have been converted into Canadian dollars at the rates indicated above under the heading "Calculation of Foreign Exchange and Other Values."

COMPENSATION DISCUSSION AND ANALYSIS

Compensation and the Human Resources Committee

The HR Committee is comprised of three independent directors who have the knowledge and experience to fulfill the HR Committee's mandate. They are Mr. Douglas Muzyka (Chair), Mr. Vincent Galifi and Ms. Angella Alexander. Mr. Muzyka, former Chief Science and Technology Officer of E.I. DuPont de Nemours, brings significant international knowledge and strong operational experience to the HR Committee. Mr. Galifi is Company Advisor, Special Projects of Magna International Inc. and is well versed in issues relating to human resources management and compensation. Ms. Alexander, who joined the HR Committee on February 1, 2023, is Chief Human Resources Officer of ATS Corporation, and brings to the HR Committee extensive global expertise in the areas of human resources, talent management and transformative leadership. Mr. Muzyka is retiring as a director effective the date of the Meeting.

The HR Committee establishes executive compensation policies, monitors their implementation and oversees the Option Plan (as defined and described below under the heading "Employee Stock Option Plan"), the 2019-2023 LTIP (as defined and described below under the heading "2019-2023 LTIP"), the 2017-2025 LTRP (as defined and described below under the heading "2017-2025 LTRP"), the 2019 LTRP (as defined and described below under the heading "2019 LTRP"), the PSU Plan (as defined and described below under the heading "Performance Stock Unit Plan"), the RSU Plan (as defined and described below under the heading "Restricted Stock Unit Plan") and the pension plans of the Company. In addition, the HR Committee is charged with monitoring the Company's talent management and succession planning, and recommends the appointment of the Company's officers and the terms and conditions of their appointment or termination. In setting policy, the HR Committee takes into account the advice of independent consultants, makes reference to market and survey data, considers input from senior management and aligns compensation programs with the operating philosophy and strategic initiatives of the Company. While the HR Committee may rely on external information and advice, all decisions with respect to executive compensation are made in the sole judgment of the Committee and the Board and may reflect other factors and considerations.

Please refer to the section entitled "Charter of the Human Resources Committee" under the heading "Statement of Corporate Governance Practices" below for additional disclosure regarding the HR Committee's mandate and the use of independent compensation consultants.

Compensation Decision Making

Each year, the HR Committee reviews the compensation of the CEO and other officers of the Company, other than the Executive Chairman, relative to performance and market factors. Executive compensation programs are reviewed considering external competitiveness and internal equity. The Company's policy is to use the market median with the potential of top quartile total compensation for superior performance of both the Company and the individual executive. The HR Committee utilizes information provided by independent consultants and management to review external competitiveness, which is further described under the title "Benchmarking Compensation," below. The HR Committee makes recommendations to the Board for the approval of the compensation of the CEO, and approves the compensation levels of other officers of the Company. Approval of incentive plan payments is included in the above process. The annual incentive plan is structured with clearly defined guidelines and performance targets such that limited discretion is required by the HR Committee and the Board to determine payouts, as described under the heading "Annual Incentive Plans," below. Recommendations to the Board concerning the compensation of the Executive Chairman are brought forward by the Nominating and Governance Committee.

The Company does not hold an advisory (or "say on pay") vote on executive compensation. The HR Committee, in assisting the Board with its oversight responsibility in matters relating to executive compensation, devotes a considerable amount of time and effort developing and overseeing the implementation of executive compensation programs including short-term and long-term incentives, bonuses and equity-based compensation. The Committee is comprised entirely of independent directors and retains the services of an independent compensation consultant.

The HR Committee and the Board unanimously approved the 2023 executive compensation. Given that the controlling shareholder directs the voting of 95.4% of the Class A voting shares, which are the shares entitled to be voted at the Meeting, and that only 4.6% of such shares remain to be voted by minority shareholders (of which only 2.1% of such minority shares were voted at the 2023 annual meeting), the Board does not believe that an advisory vote on executive compensation would be informative. The Board also does not believe that creating a voting process to enable the holders of the Class B non-voting shares to hold an additional advisory vote on executive compensation would be informative. Both management and independent members of the Board engage with holders of Class B non-voting shares on an ongoing basis. In particular, certain independent directors meet on a regular basis with four or five of the Company's largest Class B non-voting shareholders, who are invited to comment on the Company's executive compensation philosophy. Based on these discussions, the Board has no reason to believe that these shareholders would not support an advisory vote on executive compensation.

The Board appreciates the importance shareholders place on effective executive compensation policies and practices and values the feedback it receives from engagement with shareholders when considering future executive compensation policies. Please see the section titled "Shareholder Engagement" below, for information on how to communicate directly with the Board.

Executive Compensation-related Fees

In 2022, the HR Committee utilized the services of Southlea Group LP to provide a pay-for-performance analysis of CEO compensation, peer group and benchmarking data, director compensation trends and information relating to compensation best practices and executive compensation trends. The services provided by Southlea Group LP to the Company in 2023 included a pay-for-performance analysis of CEO compensation, a review and refresh of the Company's peer group and benchmarking data, a review of the Company's long-term incentive plan and information relating to compensation best practices and executive compensation trends.

All Other Related Fees

The Company uses Willis Towers Watson for consulting, administration, accounting and disclosure of its Canadian executive pension plan. Services provided by Willis Towers Watson are not related to executive compensation and do not require pre-approval by the HR Committee.

The following fees were paid for executive compensation-related matters and other related fees in 2023 and 2022:

Compensation Advisor	2023		2022	
	Executive Compensation-related Fees	All Other Related Fees	Executive Compensation-related Fees	All Other Related Fees
Southlea Group LP	\$117,047	\$0	\$56,500	\$0
Willis Towers Watson	\$0	\$44,481	\$0	\$49,607

Compensation Risk Management

The HR Committee oversees risk management as an integral part of its role to review and approve executive compensation. The HR Committee reviews annually the Company's executive compensation programs to identify potential risks that may be associated with these plans and practices. Upon completing this review in 2023, the HR Committee concluded that the Company's current compensation programs do not encourage undue risk-taking. This conclusion was drawn after consideration of the Company's executive compensation philosophy, the mix and balance of compensation plans and their associated metrics and governance. The following summarizes the risk-mitigating features of the compensation program:

- There is an appropriate balance between fixed and variable executive compensation as well as short-term and long-term incentives discouraging the attainment of short-term goals at the expense of longer term strategic initiatives.
- Consistent, auditable performance metrics exist within the Company requiring operating income improvement and growth in adjusted basic earnings per share, both of which are inclusive of a number of key performance metrics and are aligned with shareholder value.
- Incentive plans and metrics are reviewed annually to ensure continued alignment with business strategy and the Company's shareholders.
- Regular tracking and reporting is provided to the HR Committee regarding the potential payout of incentives, which enables the monitoring of the associated performance and the identification of possible risks.
- Payments of incentive plans are capped and may be zero, if minimum performance thresholds are not achieved.
- Equity awards are vested over a period of time and not on the date of the grant.
- The Company has established share ownership requirements for key executives and NEOs that provide the same exposure to the risks and rewards of share ownership as that of the Company's other shareholders.
- The Company has established a Recoupment (Claw Back) Policy for the short and long-term incentive compensation of the CEO and participants in the 2017-2025 LTRP in the event of any material financial restatement due to negligence, misconduct or fraud.
- A policy is in place that prohibits directors and executives from purchasing financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation or held directly or indirectly by the directors and executives.
- The Company has well-established policies and procedures that specify predetermined limits to the authority of individual executives and managers to make financial and operational decisions, which contribute to the mitigation of undue risk-taking by any one individual. These policies are included in ongoing audits to ensure compliance.
- The HR Committee retains external compensation advisors to provide advice regarding the competitiveness of the Company's executive compensation programs and best practices and trends in compensation design within the marketplace when required.
- The Board retains discretion to reduce or increase incentive targets and awards, except for those associated with the Company's Option Plan, in the event the plans trigger an inappropriate result.

Recoupment Policy (Claw Back)

The Company has adopted a Recoupment Policy, which applies to the CEO and to those other NEOs who are participants in the 2017-2025 LTRP. Under such policy, the Board has the discretion to cancel, withhold or claw back the bonus, LTIP awards (including stock options), or other incentive compensation awarded or paid to such persons during a two-year period preceding the filing or public disclosure of a material financial restatement, where the financial restatement has resulted from or been contributed to by the negligence, wilful misconduct or fraud of such person. Any claw back would be on the relevant amount net of any tax consequences to such person.

Succession Planning

The Company has a formal succession planning process for the CEO and other senior executives that is monitored by the HR Committee, in the event of retirement or emergency. Each year, a detailed analysis of leadership candidates is prepared by the CEO and provided to the HR Committee for review and discussion. The HR Committee assesses the availability of candidates (short and long-term goals), diversity of succession pool, leadership strengths and any gaps in the succession plan and formulates a plan for the development of leadership candidates for the roles of the CEO and other senior executives. The Board is responsible for approving the succession plan for the CEO.

Compensation Philosophy and Program Objectives

The Company has an entrepreneurial culture and a decentralized operating style, which are considered in determining the Company's executive compensation programs. These programs are developed to encourage superior performance, attract and retain talented executives and align the executives' interests with those of the Company's shareholders. The main objectives of the Company's executive compensation program are:

- to provide executives with a competitive balanced portfolio of compensation that is consistent with the Company's decentralized operating model and objectives;
- to drive high performance and focus executives on the areas for which they are accountable;
- to motivate executives to achieve individual and overall Company success and improvement in shareholder value; and
- to attract individuals who have the skills and leadership to drive the Company's growth and success and retain the Company's existing talent.

Benchmarking Compensation

To assist the Company in meeting its objective of providing competitive compensation to its executives, the Company regularly benchmarks its compensation plans against market data obtained from proxy circulars of select publicly traded companies. Survey and proxy information relating to compensation for executives in Canada and the United States is provided through consulting firms designated or approved by the HR Committee. In 2023, the HR Committee retained Southlea Group LP to benchmark compensation levels for the role of the CEO. This information was considered by the HR Committee in determining 2023 compensation.

It is the Company's policy to position compensation at the median of the market with the potential for top quartile total compensation based on superior performance of the executive and the Company. As a policy, compensation is typically benchmarked against market data from the region or country in which the executive resides and/or works. For purposes of conducting its review of executive compensation, the HR Committee approves a select sample of U.S. publicly traded organizations (the "Proxy Reference Group"). The composition of the Proxy Reference Group utilized to determine the competitiveness of the Company's executive compensation is reviewed regularly by the HR Committee for its ongoing relevance to the Company's business and benchmarking practice. These companies were selected because they are generally in a comparable industry, the specialty packaging sector, and their revenues and/or market capitalization is in the same range as the Company. Since there is no appropriate industry comparable in Canada, the Company utilized survey data from Willis Towers Watson, which included data from similarly sized Canadian publicly-traded general industry companies (excluding financial services organizations).

In late 2023, the Company's Proxy Reference Group was refreshed to increase the peer group from 10 to 13 and to position the Company within the median of its peer group. The new Proxy Reference Group will be used in determining 2024 compensation. The Proxy Reference Group is utilized to gather competitive information to benchmark compensation only and is not used to benchmark Company performance.

The following changes were made in 2023 and are reflected in the table below:

Compensation Elements

The Company's executive compensation program is comprised of both fixed and variable components. The variable components are designed to incentivize and reward performance and include both non-equity and equity incentive plans. The three basic elements of the executive compensation program are base salary, annual cash incentive plans and long-term incentive plans, which may utilize equity and cash. The Company also provides other elements of compensation consisting of benefits, retirement plans and perquisites.

Fixed Compensation

Base Salaries

Base salaries compensate executives for the role they perform for the Company. Salaries are determined using comparative data as described above and considering individual circumstances that may include the scope of the position and the executive's qualifications, level of experience and performance. Salary adjustments require approval by two levels of the organization. The HR Committee considers and, if appropriate, approves adjustments to base salaries on an annual basis for officers of the Company and recommends the base salary of the CEO to the Board for approval. Base salary and salary adjustments for the Executive Chairman are recommended to the Board by the Nominating and Governance Committee. Salaries of officers of the Company who reside and work in North America are set based on compensation data from that geographic market as noted above. Officers resident outside North America and operating on a worldwide basis are compensated on a parity basis with such officers resident in North America. The Nominating and Governance Committee and HR Committee also consider the financial performance of the Company as well as the individual performance of the executive when approving salaries for officers and in their recommendation to the Board in regard to salary adjustments for the Executive Chairman and for the CEO, respectively. Salary adjustments are typically implemented effective March 1st.

Variable Compensation

Annual Incentive Plans

The Company's annual Senior Management Incentive Plans, referred to as "SMIPs," are designed to encourage and recognize annual financial and operational performance. Each year, performance targets for the Company and its business units are established for the purpose of evaluating performance and determining payouts under the SMIP. Target cash bonus awards are established based on a predefined

percentage of salary and ranged from 70% to 120% of base salary for NEOs in 2023. Actual awards can range from zero to up to a maximum of two times the target award. The performance measures and associated payout opportunities are dependent upon participation in the SMIP as a corporate executive or an operational executive. Corporate executives generally have responsibilities that span the overall Company. Operational executives are responsible for specific areas of operations, which may be based on geographic regions, product type or market sector. The annual SMIP is attributed to the noted financial year and is paid by March 15 of the following year.

	SMIP Target (% of base salary)	Payout Range (% of target)	Performance Measures	
			Corporate Executive	Operational Executive
Geoffrey T. Martin	120%	0-200%	100%	-
Sean Washchuk	70%	0-200%	100%	-
Lalitha Vaidyanathan	70%	0-200%	100%	-
Ben Rubino	70%	0-200%	-	100%
Guenther Birkner	70%	0-200%	-	100%

Corporate Executives

Annual bonuses are paid to the CEO, the CFO, the Senior Vice President Finance-IT-Human Resources and other senior officers, based on the growth in adjusted earnings per share (as defined under the heading “Use of Non-IFRS Measures,” above) over the prior year as follows:

Adjusted EPS as a % of Prior Year(%) ⁽¹⁾	Percentage of SMIP Payout (%) ⁽²⁾
120	200
105	100
91	5
90	0

(1) Excluding gains or losses on currency translation and accounting changes.

(2) Bonus payouts are calculated on a parabolic basis between points.

Adjusted earnings per share (“EPS”) is utilized as the sole measure of the SMIP because it encompasses many critical measures within the business and aligns with value creation for shareholders. Each year, the HR Committee and the Board review and approve the basis and targets for the SMIP. In the event that improvement in adjusted EPS is not achieved, the HR Committee and the Board have discretion to recommend and approve payment, on a selective basis, of below-target bonuses based on the achievement of other key objectives designed to enhance the Company’s growth prospects for the future. The HR Committee may also recommend a reduced payout in the event the plan triggers an inappropriate result.

In 2023, adjusted EPS improved by 1% over 2022 adjusted EPS resulting in bonus payments of 60% of target bonus. Bonus payments for 2023 were based solely on the achievement of the adjusted EPS growth in accordance with SMIP criteria and are generally not adjusted to reflect individual performance criteria.

Operational Executives

The 2023 SMIP established for operational executives was based on the achievement of budgeted operating income, adjusted for working capital savings or usage over the prior year, and sales growth for the segments of the business for which the executives are responsible. The President of Home & Personal Care and the President of Food & Beverage, Healthcare & Specialty and Innovia participate in this plan and receive bonuses based on the budgeted performance of their respective business sectors, as follows:

Operational Budget Achieved (%)	Percentage of SMIP Payout (%)⁽¹⁾
120	200
100	70
90	35
80	0

(1) Bonus payouts are calculated on a linear basis between points.

Actual performance of the Home & Personal Care sector exceeded target by 0.1% resulting in a bonus payment to the President of Home & Personal Care of 100.5% of target bonus. The President of Food & Beverage, Healthcare & Specialty and Innovia was paid 54.5% of target bonus based on this sector achieving 90.9% of budget.

Long-Term Incentive Plans

The Company utilizes Long-Term Incentive Plans (“LTIPs”) in order to:

- focus management on the development and implementation of longer term strategic and growth initiatives of the Company;
- attract and retain key executives; and
- align the interests of the Company’s executives with those of its shareholders.

All LTIP awards are granted at the discretion of the Board based on the position and impact of the executive on the Company’s performance. The long-term incentive program is approved by the Board based on the recommendation of the HR Committee. The LTIP grant for the CEO is recommended by the HR Committee and approved by the Board. The grant levels for other participants are recommended by the CEO and approved by the HR Committee. Previous grants are not taken into account when considering grants of new awards.

Previous LTIP awards consisted of cash and/or Restricted Stock Units (“RSUs”), which were awarded under the former Restricted Stock Unit Plan (the “RSU Plan”) or stock options granted under the Option Plan. The Company has discontinued the granting of RSUs and stock options in connection with LTIP awards and replaced it with the PSU Plan described below.

2019-2023 LTIP

In 2019, the Board approved an LTIP which was initially intended to apply for the years 2019 through 2021. The specified performance measures and targets in the LTIP were set in 2019, prior to the outbreak of the COVID-19 pandemic. The pandemic gave rise to uncertainties, challenges and impacts that were unexpected and beyond management control. As a result of the Board’s continued desire to motivate management to meet these unforeseen challenges and after extensive deliberations, the Board considered it appropriate, fair and equitable to update the specified performance measures and targets and extend the LTIP by two years to apply for the years 2019 through 2023 (the “2019-2023 LTIP”).

The performance measures for the 2019-2023 LTIP is based on cumulative operating income for the Company and its subsidiaries as a whole over the five-year period of the 2019-2023 LTIP and is adjusted to exclude the effect of foreign currency translation. In establishing the performance target, the Board

considered budgeted operating income, taking into account future acquisition growth, and determined a performance target around budget that was appropriate and would continue to incentivize executives. The Board believes these performance measures and targets align with the Company’s business objectives and allows executives to focus on longer term operational improvement.

The 2019-2023 LTIP utilizes Performance Stock Units (“PSUs”) awarded under the Performance Stock Unit Plan of the Company (the “PSU Plan”) described below under the heading “Performance Stock Unit Plan.” Awards made under the 2019-2023 LTIP are not on an annual basis. The awards are sequential and do not overlap from year to year. As a result of the extension of the 2019-2023 LTIP by two years, the next LTIP will apply for the years 2024 through 2026. In accordance with the PSU Plan, PSUs granted under the 2019-2023 LTIP can be adjusted upwards or downwards, as applicable, based on the level of achievement of the specified performance measures and targets over the LTIP period, in accordance with the following payout scale:

COI Achieved (%)	Payout (%) ⁽¹⁾
107.5	120
100	100
90	50
<90	0

(1) payouts are made on a linear basis between points.

Over the performance period, actual cumulative operating income of \$3.1 billion was 106.9% above the performance target of \$2.9 billion, resulting in a payout of 118.4%.

Performance Graph

The preceding graph compares the cumulative total shareholder return over the last five years of the Company's Class B non-voting shares with the cumulative total return of the S&P/TSX Composite Total Return Index, assuming reinvestment of dividends on each of the dividend payment dates. The Company's Class B non-voting shares are included in the foregoing index. The performance of the Company's Class A voting shares is substantially similar to that of the Class B non-voting shares. The performance of the Company's Class B non-voting shares is based on the closing price of \$59.59 on the TSX on December 29, 2023.

The Company does not use the Proxy Reference Group identified under the title "Benchmarking Compensation" to benchmark Company performance. Given the uniqueness of the Company's business and the very small sample of relevant peer companies, the Company believes that it would not provide the best comparison on which to base the performance of the Company. There is no TSX sub-index that would provide a relevant comparison of the performance of the Company's shares.

Since the Company's annual and long-term incentives represent approximately 61.9% to 67.7% of executive total compensation, the Company believes that incentive compensation payments are good indicators of the Company's practice of paying for performance and the alignment of executive compensation with shareholder value over time. Thus, compensation of the NEOs has generally followed a similar trend as the Company's share price as set forth in the performance chart, above. It is specifically reflected in the Company's LTIPs over the last five years. In 2019, the Board established a new LTIP, which was initially intended to apply for the years 2019 through 2021. As a result of the COVID-19

pandemic, the Board extended the LTIP by two years to apply for the years 2019 through 2023, as described above under “Long-Term Incentive Plans.” Payment of the 2019-2023 LTIP was made in March 2024 to participating executives and NEOs due to the Company exceeding the established target by 6.9%.

- (5) No stock options were granted during 2023, 2022 or 2021.
- (6) Amounts reflected represent the dollar value of RSUs awarded to each of the NEOs. RSUs were granted as part of the LTIP described below under "RSU Plan" and vest 25% each on the first, second, third and fourth anniversary dates of the date of grant of such RSUs.

- (i) Closing price of the Company's Class B non-voting shares on the TSX on the day preceding the date of grant.
 - (ii) The value of RSUs awarded to Mr. Martin on March 1, 2023 was calculated using the February 27, 2023 Black Scholes Value.
- (7) Salaries for all NEOs were adjusted on March 1, 2023, and therefore the calculation in this table reflects two months of salary at their 2022 rates.

The total cost of the compensation of the NEO executive team in 2023 was \$14.8 million, or 2.8% of the Company's net earnings of \$530.2 million.

- (1) The aggregate dollar value of option-based awards vested during 2023 is determined by calculating the difference between the market price of the Class B non-voting shares underlying the options on the TSX on the vesting date and the exercise price of the options, multiplied by the number of vested options. The amounts shown reflect only those option-based awards that were in-the-money on the vesting date.
- (2) RSUs granted under the RSU Plan to Mr. Martin, Ms. Vaidyanathan, Mr. Washchuk, Mr. Rubino and Mr. Birkner on February 25, 2020, March 2, 2021 and March 1, 2022, vested 25% in 2023. The value of the RSUs has been calculated using the closing price of \$64.99, \$64.93 and \$65.60 per share, being the closing price of the Company's Class B non-voting shares on the TSX on February 27, 2023, March 2, 2023 and March 1, 2023, respectively.
- (3) RSUs granted under the 2017-2025 LTRP to Mr. Washchuk, Ms. Vaidyanathan, Mr. Rubino and Mr. Birkner on September 1, 2017, vested 25% on September 1, 2023. The value of the RSUs has been calculated using the closing price of \$60.84 per share, being the closing price of the Company's Class B non-voting shares on the TSX on September 1, 2023.
- (4) Those amounts originally denominated in US\$ or CHF have been converted into C\$ at the average year-to-date-exchange rate as at December 31, 2023. (See "Calculation of Foreign Exchange and Other Values".)

Employee Stock Option Plan

The Option Plan was established to focus executive attention on the long-term interests of the Company and growth in shareholder value. Options are no longer issued to employees and officers of the Company and its subsidiaries, though some previously granted options remain outstanding. The outstanding stock options were granted at the closing price on the TSX of Class B non-voting shares on the day prior to the effective date of the grant. The Board has the discretion to vary the vesting provisions of grants issued under the Option Plan.

Details of all share-based and option-based awards to NEOs outstanding at the end of the most recently completed financial year are set forth in the table entitled "Outstanding Share-Based Awards and Option-Based Awards as of December 31, 2023" in the section entitled "Incentive Plan Awards" above. Additional details regarding the terms of the Option Plan, including the annual "burn rate" under the Option Plan for the three prior years, are described below.

Options granted under the Option Plan are non-assignable by the optionee except to the legal personal representatives of a deceased optionee.

Unless otherwise determined by the HR Committee, options will terminate and cease to be exercisable upon the cessation of employment as follows:

- on the death of an optionee or the disability of an optionee (as determined by the HR Committee), the options will vest immediately and remain exercisable for up to 12 months;
- on retirement on or after the age of 65 or on early retirement on or after the age of 55 with the concurrence of the HR Committee, the options will continue to vest as scheduled and be exercisable for up to 36 months;
- on resignation by the optionee or upon termination of employment for cause, the options then vested may be exercised until the last day of employment and thereafter terminate; and
- on termination of employment by the Company for any other reason, the options will terminate and cease to be exercisable 90 days after the earlier of the date the optionee ceased to be an officer or employee and the date that notice of dismissal from employment was provided, with vesting ceasing on such earlier date.

The HR Committee has discretion to extend the termination date of options upon the cessation of employment but cannot extend the option beyond the original expiry date and cannot extend the option by more than two years from the date the optionee ceased to be an officer or employee.

If a bona fide offer (a “takeover bid”) is made that includes the Class B non-voting shares of the Company that could result in the offeror exercising control over the Company, the Board has discretion to accelerate the vesting and expiry date of any options that are then outstanding and to effectively require that such Class B non-voting shares thereafter acquired on exercise of the options, be tendered to the takeover bid.

The Board may discontinue, amend or modify the Option Plan at any time; provided, however, that shareholder approval must be obtained: (i) to reduce the exercise price of an option either directly, or indirectly including by means of the cancellation of an option and the reissue of a similar option; (ii) to extend the period available to exercise an option beyond the normal expiration date (except in respect of blackout periods and the cessation of employment as provided in the Option Plan); and (iii) to amend any assignment rights set forth in the Option Plan, other than to permit assignments to a registered retirement savings plan, registered retirement income fund or similar plans for the benefit of the optionee. All other amendments to the Option Plan may be made at the discretion of the Board. For example, the discretion of the Board includes, without limitation, authority to make amendments to clarify any ambiguity, inconsistency or omission in the Option Plan and other amendments of a clerical or housekeeping nature, to alter the vesting or termination provisions of any option or of the Option Plan, to modify the mechanics of exercise, and to add a financial assistance provision.

As of December 31, 2023, there were no shares reserved and available for issuance for additional grants under the Option Plan, as no further option grants are being made.

During 2023, options to purchase 513,000 Class B non-voting shares were exercised and 717,500 options that were not in-the-money expired. As at December 31, 2023, the Company had options outstanding to purchase 123,000 Class B non-voting shares, representing 0.1% of the number of Class B non-voting shares issued and outstanding. No Class B non-voting shares are available for additional option grants under the Option Plan. No repricing of outstanding options occurred in the course of 2023, nor to the date of this Management Proxy Circular.

The following table sets forth the “burn rate” of the Company’s Option Plan over the last three financial years.

	2023	2022	2021
Number of securities granted during the applicable fiscal year	0	0	0

Deferred Share Unit Plan

The Company’s DSU Plan was established in 2004 to promote greater alignment of interests between non-employee members of the Board and shareholders. Under the terms of the DSU Plan, non-employee members of the Board may elect to receive, in lieu of total cash remuneration that would otherwise be payable to such directors or any portion thereof, the number of DSUs equivalent to such cash remuneration. Directors who have met their equity ownership requirement are no longer eligible to receive their cash compensation in DSUs. DSUs are also awarded as payment, in part, of the annual director retainer.

A DSU is a bookkeeping entry equivalent to one Class B non-voting share. The number of DSUs credited to an account maintained for each participating director is calculated by dividing the cash remuneration that would otherwise be payable by the fair market value of a Class B non-voting share of the Company on the date of issue of the DSU. Fair market value is calculated under the DSU Plan as the simple average of the high and low trading prices of the Class B non-voting shares for the five trading days immediately preceding the date of issue or redemption, as the case may be.

DSUs vest immediately when granted but cannot be redeemed or paid out until such time as the eligible director ceases to be a director of the Company. A retiring director has until December 1 of the calendar year following their retirement from the Board to redeem their DSUs. Under the terms of the DSU Plan upon redemption, a holder of DSUs is entitled to receive the number of Class B non-voting shares issued from treasury equating to the number of their DSUs (less an adjustment for requisite statutory withholdings), or, at the sole option of the Company, a cash amount equal to the fair market value of an equal number of Class B non-voting shares on the date of notification of redemption. It is the Company’s intention to satisfy redemptions of DSUs by the issuance of treasury shares, though it has the option to settle in cash where the issuance of treasury shares would not be appropriate.

The following table indicates the number of DSUs outstanding and DSUs available for issuance under the DSU Plan as at December 31, 2023, and the date hereof:

	December 31, 2023	March 15, 2024
# of DSUs Outstanding	267,913	267,913

# of DSUs Available for Issuance	22,374	22,374
% of Class B non-voting shares	0.01%	0.01%

The following table sets forth the “burn rate” of the Company’s DSU Plan over the last three financial years.

2017-2025 LTRP

The 2017-2025 LTRP was established in 2017 and approved by shareholders of the Company on May 8, 2018. This Plan was established as a one-time long-term incentive to each of Guenther Birkner, Ben Rubino, Sean Washchuk and Lalitha Vaidyanathan. An aggregate of 259,676 Class B non-voting shares were reserved for issuance under this Plan and an aggregate of 259,676 RSUs were awarded to the participants on September 1, 2017. Upon vesting, each RSU will be satisfied by the issuance from treasury of one Class B non-voting share. On September 1, 2023, 64,916 RSUs vested and 129,844 RSUs were outstanding as of December 31, 2023. No additional RSUs are presently available for issuance under this Plan.

The number of Class B non-voting shares issuable at any time to insiders pursuant to RSUs granted under the 2017-2025 LTRP, together with Class B non-voting shares issuable to insiders pursuant to all other share compensation arrangements shall not, collectively, exceed 10% of the outstanding issue. The number of Class B non-voting shares issued to insiders pursuant to RSUs granted under the 2017-2025 LTRP, together with Class B non-voting shares issued to insiders pursuant to all other share compensation arrangements shall not, collectively, within any one year period, exceed 10% of the outstanding issue.

As a condition of the grant of RSUs, each of the participants has agreed to, among other things, maintain holdings in the Company’s Class B non-voting shares at least equal to three times their annual base salary (excluding vested and unvested stock option grants and unvested RSU grants under either the LTIP or LTRP Plans of the Company) until September 1, 2025.

Provided that the participant remains in continuous employment with the Company (or a subsidiary of the Company) from September 1, 2017, through the relevant vesting date, the RSUs will vest in four equal instalments. As described above, 64,916 RSUs vested on September 1, 2023. The remaining RSUs will vest on September 1 of each of 2024 and 2025. Unvested RSUs will not vest and will be forfeited upon a participant’s employment with the Company (or a subsidiary of the Company) ceasing for any reason prior to the applicable vesting date(s) of the RSUs, except that in the event of the retirement of the participant (as agreed to by the CEO of the Company and as confirmed by the HR Committee) or the death or long-term disability of the participant (as confirmed by the HR Committee) while employed by the Company (or a subsidiary of the Company), RSUs may vest and Class B non-voting shares issued in whole or in part, as determined in the discretion of the CEO of the Company and subject to and only after the approval of the HR Committee.

Participants under this Plan have no right or entitlement to any dividends declared on Class B non-voting shares underlying the RSUs until and only to the extent the RSUs have vested. RSUs are not transferable or assignable other than by will or pursuant to the laws of descent and distribution.

In the event of a stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Company’s assets to shareholders, or any other change affecting the Class B non-voting shares, including the conversion thereof into shares of another entity upon an amalgamation, arrangement or reorganization of the Company, other than a Going Private Transaction (as defined below) (a “Share Reorganization”), such proportionate adjustments,

if any, as the Board in its sole discretion may deem appropriate to reflect such change, shall be made with respect to the number of RSUs outstanding under the 2017-2025 LTRP and Class B non-voting shares to be issued in respect thereof. No additional RSUs shall be granted to a participant to compensate for a downward fluctuation in the price of the Class B non-voting shares, nor shall any other form of benefit be conferred on, or in respect of, a participant for such purpose. In the event that the Company enters into an agreement involving a merger, amalgamation, arrangement or other business combination pursuant to which all of the outstanding shares of the Company will be acquired by or exchanged for cash, shares or other property of a third party, other than a Share Reorganization (a “Going Private Transaction”), all outstanding and unvested RSUs will vest immediately prior to consummation of the Going Private Transaction in order to have the participants participate in the Going Private Transaction on the same basis as the other holders of Class B non-voting shares.

The Board may from time to time amend this Plan and the terms and conditions of any RSUs granted thereunder with the consent of the affected participant if such amendment would adversely affect that participant’s rights. However, shareholders of the Company will be required to approve any amendment to the 2017-2025 LTRP or any RSU which: (i) removes or increases the limits on insider participation under the 2017-2025 LTRP; (ii) increases the number of Class B non-voting shares reserved for issuance under the 2017-2025 LTRP (other than in connection with a Share Reorganization); (iii) adds additional persons eligible to receive RSUs under the 2017-2025 LTRP; (iv) amends the restrictions on assignment of RSUs, other than to permit the transfer of an RSU to a registered retirement savings plan, a registered retirement income fund or to other similar plans for the benefit of participant; (v) requires the approval of shareholders under applicable law, including the rules, regulations and policies of the TSX; or (vi) amends the provisions of the 2017-2025 LTRP requiring shareholder approval for certain amendments to the 2017- 2025 LTRP.

The following table sets forth the “burn rate” of the Company’s 2017-2025 LTRP over the last three financial years.

	2023	2022	2021
Number of securities granted during the applicable fiscal year	0	0	0
Weighted average number of securities outstanding for the applicable fiscal year	165,760,400	166,183,747	167,924,373

2019 LTRP

The 2019 LTRP was established in June 2019 and the 2019 LTRP, the reservation of 360,000 Class B non-voting shares thereunder and the initial grant of 129,338 RSUs thereunder were approved by shareholders of the Company on May 14, 2020. The 2019 LTRP provides a one-time long term retention incentive in the form of RSUs to key officers or employees of the Company as recommended by the HR Committee from time to time. RSUs are a bookkeeping entry, with each RSU having the same value as one Class B non-voting share of the Company. The objective of the 2019 LTRP is to motivate and retain each of the participants during the period from the date of grant of the RSUs until final vesting of the RSUs, expected to be on the eighth anniversary of the date of grant (the “LTRP Period”).

An aggregate of 360,000 Class B non-voting shares of the Company were reserved for issuance from treasury under the 2019 LTRP. Upon vesting, each RSU will be satisfied by the issuance from treasury of one Class B non-voting share. The following table indicates the number of RSUs outstanding and RSUs available for issuance under the 2019 LTRP as at December 31, 2023, and the date hereof:

	December 31, 2023	March 15, 2024
# of RSUs Outstanding	129,338	129,338
% of Class B non-voting shares	0.08%	0.08%
# of RSUs Available for Issuance	230,662	230,662
% of Class B non-voting shares	0.14%	0.14%

The number of Class B non-voting shares issuable at any time to insiders pursuant to RSUs granted under the 2019 LTRP, together with Class B non-voting shares issuable to insiders pursuant to all other share compensation arrangements shall not, collectively, exceed 10% of the outstanding issue. The number of Class B non-voting shares issued to insiders pursuant to RSUs granted under the 2019 LTRP, together with Class B non-voting shares issued to insiders pursuant to all other share compensation arrangements shall not, collectively, within any one year period, exceed 10% of the outstanding issue.

Participants under the 2019 LTRP have no right or entitlement to any dividends declared on Class B non-voting shares underlying the RSUs until and only to the extent the RSUs have vested. RSUs are not transferable or assignable other than by will or pursuant to the laws of descent and distribution. No participant shall have any rights as a shareholder of the Company with respect to the Class B non-voting shares underlying the RSUs until and only to the extent that the RSUs vest in accordance with the 2019 LTRP.

The applicable number of Class B non-voting shares to be issued to a participant in respect of RSUs which vest will be issued and delivered as soon as reasonably practicable following the applicable vesting date. RSUs will vest at the rate of 25% per annum on the fifth, sixth, seventh and eighth anniversaries of the date of grant. The Company may deduct from any payments made pursuant to the 2019 LTRP such withholding taxes or other withholdings as may be required by applicable law and in this connection, the Company has the right in its discretion to satisfy any such withholding liability by selling on behalf of a participant any Class B non-voting shares which would otherwise be issued to a participant under the 2019 LTRP, or to require a participant, as a condition of receiving any Class B non-voting shares under the 2019 LTRP, to pay to the Company the amount of applicable withholdings.

Each of the participants agreed, as a condition of the grant of RSUs under the 2019 LTRP: (i) to maintain holdings in the Company's Class B non-voting shares at least equal to one times their annual base salary plus target bonus (excluding vested and unvested stock option grants and unvested RSU grants under either the LTIP or LTRP Plans of the Company) throughout the LTRP Period and beyond; (ii) to the terms of a non-compete/non-solicitation restriction having a duration of one year following each vesting of RSUs under the 2019 LTRP and otherwise on terms acceptable to the HR Committee and the participant.

There are no performance criteria for the vesting of RSUs, provided that the participant must remain in continuous employment with the Company (or a subsidiary of the Company) from the date of grant through each of the vesting dates of RSUs. Unvested RSUs will not vest and will be forfeited if a participant's employment with the Company (or a subsidiary of the Company) ceases for any reason prior to the applicable vesting date(s) of the RSUs, except that in the event of the retirement of the participant (as agreed to by the CEO of the Company and as confirmed by the HR Committee) or the death or long term disability of the participant (as confirmed by the HR Committee) while employed by the Company (or a subsidiary of the Company), RSUs may vest and Class B non-voting shares be issued in whole or in part, as determined in the discretion of the CEO of the Company and subject to and only after the approval of the HR Committee. Vesting of RSUs and the issuance of related Class B non-voting shares to retiring participants, disabled participants or estates of deceased participants, will be made on the same dates as vesting of RSUs and issuances of Class B non-voting shares to other participants under the 2019 LTRP in accordance with the terms of the 2019 LTRP.

In the event of a Share Reorganization, such proportionate adjustments, if any, as the Board in its sole discretion may deem appropriate to reflect such change, shall be made with respect to the number of RSUs outstanding under the 2019 LTRP and Class B non-voting shares to be issued in respect thereof. No additional RSUs shall be granted to a participant to compensate for a downward fluctuation in the price of the Class B non-voting shares, nor shall any other form of benefit be conferred on, or in respect of, a participant for such purpose.

In the event that the Company enters into an agreement involving a Going Private Transaction, all outstanding and unvested RSUs will vest immediately prior to consummation of the Going Private Transaction in order to have the participants participate in the Going Private Transaction on the same basis as the other holders of Class B non-voting shares.

Subject to any required approval of the TSX and subject to as provided below regarding shareholder approval, the Board may from time to time amend the 2019 LTRP and the terms and conditions of any RSUs thereafter to be granted thereunder and with the consent of the affected participant, if such amendment would adversely affect that participant's rights thereunder, may from time to time amend the 2019 LTRP and the terms and conditions of any RSUs which have been theretofore granted, in each case without the approval of the Company's shareholders.

The shareholders of the Company will be required to approve any amendment to the 2019 LTRP or any RSU which: (i) removes or increases the limits on insider participation under the 2019 LTRP described above; (ii) increases the number of Class B non-voting shares reserved for issuance under the 2019 LTRP (other than in connection with a Share Reorganization); (iii) broadens the categories of persons eligible to receive RSUs under the 2019 LTRP; (iv) amends the restrictions on assignment of RSUs, other than to permit the transfer of an RSU to a registered retirement savings plan, a registered retirement income fund or to other similar plans for the benefit of participant; (v) requires the approval of shareholders under applicable law, including the rules, regulations and policies of the TSX; or (vi) amends the provisions of the 2019 LTRP requiring shareholder approval for certain amendments to the 2019 LTRP as described in this paragraph.

The following table sets forth the "burn rate" of the 2019 LTRP over the last three financial years.

PSU Plan

The PSU Plan was established in September 2019 and the PSU Plan, the reservation for issuance of 1,540,960 Class B non-voting shares thereunder and the grant of 1,284,133 Performance Stock Units (“PSUs”) thereunder were approved by shareholders of the Company on May 14, 2020. The PSU Plan provides long term incentives in the form of PSUs to key officers or employees of the Company on the achievement of specific measures, as determined by the Board on the recommendations of the HR Committee from time to time, in order to promote a greater alignment of interests between such officers or employees and the shareholders of the Company. PSUs are a bookkeeping entry, with each PSU having the same value as one Class B non-voting share of the Company.

An aggregate of 1,540,960 Class B non-voting shares of the Company were reserved for issuance from treasury under the PSU Plan. The vesting of PSUs is subject to the attainment of certain performance measures specified by the Board relating to the business of the Company and its subsidiaries. The specified performance measures may include such financial, personal, operational or transaction-based performance criteria relating to the Company and its subsidiaries as may be determined by the HR Committee from time to time and may be in respect of the Company and its subsidiaries as a whole, or in part, and may be measured either in total, incrementally or cumulatively over a specified performance period, on an absolute basis or relative to a pre-established target or milestone, to previous years' results or to a designated comparator group, or otherwise as determined by the HR Committee from time to time. The initial performance measures and targets were determined by the HR Committee in 2019, prior to the outbreak of the COVID-19 pandemic and the period for the attainment of such measures was to initially be the three year period of January 1, 2019 to December 31, 2021. As a result of the significant uncertainties, challenges and impacts on the Company and its subsidiaries arising due to the COVID-19 pandemic, the Board determined that it would be appropriate to update the initial specified performance measures and extend the period for the attainment of such measures and the vesting of PSUs granted by two years to December 31, 2023. These amendments were not of a nature that required shareholder approval, as further outlined below.

As the initial specified performance measures and targets established by the HR Committee in 2019 were not achieved for the reasons described above, the Board, on the recommendation of the HR Committee, adjusted PSUs awarded to certain non-executive participants under the PSU Plan by a factor of 50% and provided that the vesting of such PSUs would be time-based. On March 15, 2023, 111,641 time-based PSUs vested in accordance with the PSU Plan. As of December 31, 2023, 1,082,789 PSUs were outstanding.

In February 2024, the HR Committee and the Board approved the vesting of PSUs with a payout factor of 118.4%. Accordingly, the 1,082,789 PSUs outstanding were adjusted upwards to 1,282,022 PSUs. As described above, under the heading “Long-Term Incentive Plans,” the achievement of 100% of the performance measures and targets would result in payment of 100% of the payment target and achievement of only 90% of the performance measures and targets would result in payment of only 50% of the payment target. No payout would be made for achievement of less than 90% of the performance measures and targets.

As of the date hereof, there are 1,282,022 PSUs outstanding and 147,297 PSUs remain available for issuance under the PSU Plan. Payout of the PSUs is expected to occur on or around March 25, 2024.

The number of Class B non-voting shares issuable at any time to insiders pursuant to PSUs granted under the PSU Plan, together with Class B non-voting shares issuable to insiders pursuant to all other share compensation arrangements shall not, collectively, exceed 10% of the outstanding issue. The number of Class B non-voting shares issued to insiders pursuant to PSUs granted under the PSU Plan, together with Class B non-voting shares issued to insiders pursuant to all other share compensation arrangements shall not, collectively, within any one year period, exceed 10% of the outstanding issue.

Participants will not have any right or entitlement to any dividends declared on Class B non-voting shares underlying the PSUs from the date of grant of the PSUs until and only to the extent of vesting. PSUs are not transferable or assignable other than by will or pursuant to the laws of descent and distribution. No

participant shall have any rights as a shareholder of the Company with respect to the Class B non-voting shares underlying the PSUs until and only to the extent that the PSUs vest in accordance with the PSU Plan.

The applicable number of Class B non-voting shares to be issued to a participant in respect of PSUs which vest will be issued and delivered as soon as reasonably practicable following the applicable vesting date. The Company may deduct from any payments made pursuant to the PSU Plan such withholding taxes or other withholdings as may be required by applicable law and in this connection, the Company has the right in its discretion to satisfy any such withholding liability by selling on behalf of a participant any Class B non-voting shares which would otherwise be issued to a participant under the PSU Plan, or to require a participant, as a condition of receiving any Class B non-voting shares under the PSU Plan, to pay to the Company the amount of applicable withholdings. Any PSUs that do not vest in accordance with the terms of the grant of such PSUs and the PSU Plan from time to time, including as a result of the applicable specified performance measures not being achieved, shall, unless otherwise determined by the Board, terminate and be cancelled on the date such determination is made and shall have no further force or effect.

Unvested PSUs will not vest and will be forfeited if a participant's employment with the Company (or a subsidiary of the Company) ceases for any reason prior to the applicable vesting date(s) of the PSUs, except that in the event of the retirement of the participant (as agreed to by the CEO of the Company and as confirmed by the HR Committee) or the death or long term disability of the participant (as confirmed by the HR Committee) while employed by the Company (or a subsidiary of the Company), PSUs may vest and Class B non-voting shares may be issued in whole or in part, as determined in the discretion of the CEO of the Company and subject to and only after the approval of the HR Committee. Vesting of PSUs and the issuance of related Class B non-voting shares to retiring participants, disabled participants or estates of deceased participants, will be made on the same dates as vesting of PSUs and issuances of Class B non-voting shares to other participants under the PSU Plan in accordance with the terms of the PSU Plan.

In the event of a Share Reorganization, such proportionate adjustments, if any, as the Board in its sole discretion may deem appropriate to reflect such change, shall be made with respect to the number of PSUs outstanding under the PSU Plan and Class B non-voting shares to be issued in respect thereof. No additional PSUs shall be granted to a participant to compensate for a downward fluctuation in the price of the Class B non-voting shares, nor shall any other form of benefit be conferred on, or in respect of, a participant for such purpose.

In the event that the Company enters into an agreement involving a Going Private Transaction, all outstanding and unvested PSUs will vest immediately prior to consummation of the Going Private Transaction in order to have the participants participate in the Going Private Transaction on the same basis as the other holders of Class B non-voting shares.

Subject to any required approval of the TSX and subject to as provided below regarding shareholder approval, the Board may from time to time amend the PSU Plan and the terms and conditions of any PSUs thereafter to be granted thereunder and with the consent of the affected participant, if such amendment would adversely affect that participant's rights thereunder, may from time to time amend the PSU Plan and the terms and conditions of any PSUs which have been theretofore granted, in each case without the approval of the Company's shareholders.

The shareholders of the Company will be required to approve any amendment to the PSU Plan or any PSU which: (i) removes or increases the limits on insider participation under the PSU Plan described above; (ii) increases the number of Class B non-voting shares reserved for issuance under the PSU Plan (other than in connection with a Share Reorganization); (iii) broadens the categories of persons eligible to receive PSUs under the PSU Plan; (iv) amends the restrictions on assignment of PSUs, other than to permit the transfer of an PSU to a registered retirement savings plan, a registered retirement income fund or to other similar plans for the benefit of participant; (v) requires the approval of shareholders under applicable law, including the rules, regulations and policies of the TSX; or (vi) amends the provisions of the PSU Plan requiring shareholder approval for certain amendments to the PSU Plan as described in this

paragraph.

The following table sets forth the “burn rate” of the PSU Plan over the last three financial years.

RSU Plan

The RSU Plan was established in February 2020 and the RSU Plan, the reservation for issuance of 2,863,152 Class B non-voting shares thereunder and the initial grant of 242,684 RSUs thereunder were approved by shareholders of the Company on May 14, 2020. The RSU Plan provides incentives in the form of Restricted Stock Units (“RSUs”) to key officers or employees of the Company as recommended by the HR Committee from time to time. RSUs are a bookkeeping entry, with each RSU having the same value as one Class B non-voting share of the Company. The objective of the RSU Plan is to assist the Company and its subsidiaries in attracting and retaining individuals with experience and skill to serve as key officers and employees of the Company and its subsidiaries, to allow such key officers and employees to participate in the long-term success of the Company and its subsidiaries and to promote a greater alignment of interests between the participants and the shareholders of the Company. RSU grants under the RSU Plan replaced stock option grants under the existing Option Plan as part of the annual compensation review for executive officers of the Company.

An aggregate of 2,863,152 Class B non-voting shares of the Company were reserved for issuance from treasury under the RSU Plan. Upon vesting, each RSU will be satisfied by the issuance from treasury of one Class B non-voting share. The following table indicates the number of RSUs outstanding and RSUs available for issuance under the RSU Plan as at December 31, 2023, and the date hereof:

	December 31, 2023	March 15, 2024
# of RSUs Outstanding	495,862	496,269
% of Class B non-voting shares	0.30%	0.30%
# of RSUs Available for Issuance	2,052,667	1,853,927
% of Class B non-voting shares	1.24%	1.11%

Subject to the terms of any specific grant of RSUs, RSUs granted under the RSU Plan will vest at the rate of 25% per annum each on the first, second, third and fourth anniversary dates of the date of grant of such RSUs.

The number of Class B non-voting shares issuable at any time to insiders pursuant to RSUs granted under the RSU Plan, together with Class B non-voting shares issuable to insiders pursuant to all other share compensation arrangements shall not, collectively, exceed 10% of the outstanding issue. The number of Class B non-voting shares issued to insiders pursuant to RSUs granted under the RSU Plan, together with Class B non-voting shares issued to insiders pursuant to all other share compensation arrangements shall not, collectively, within any one year period, exceed 10% of the outstanding issue.

Participants under the RSU Plan have no right or entitlement to any dividends declared on Class B non-voting shares underlying the RSUs until and only to the extent the RSUs have vested. RSUs are not transferable or assignable other than by will or pursuant to the laws of descent and distribution. No participant shall have any rights as a shareholder of the Company with respect to the Class B non-voting

shares underlying the RSUs until and only to the extent that the RSUs vest in accordance with the RSU Plan.

The applicable number of Class B non-voting shares to be issued to a participant in respect of RSUs which vest will be issued and delivered as soon as reasonably practicable following the applicable vesting date. The Company may deduct from any payments made pursuant to the RSU Plan such withholding taxes or other withholdings as may be required by applicable law and in this connection, the Company has the right in its discretion to satisfy any such withholding liability by selling on behalf of a participant any Class B non-voting shares which would otherwise be issued to a participant under the RSU Plan, or to require a participant, as a condition of receiving any Class B non-voting shares under the RSU Plan, to pay to the Company the amount of applicable withholdings.

There are no performance criteria for the vesting of RSUs, provided that the participant must remain in continuous employment with the Company (or a subsidiary of the Company) from the date of grant through each of the vesting dates of RSUs. Unvested RSUs will not vest and will be forfeited if a participant's employment with the Company (or a subsidiary of the Company) ceases for any reason prior to the applicable vesting date(s) of the RSUs, except that in the event of the retirement of the participant (as agreed to by the CEO of the Company and as confirmed by the Committee) or the death or long term disability of the participant (as confirmed by the Committee) while employed by the Company (or a subsidiary of the Company), RSUs may vest and Class B non-voting shares be issued in whole or in part, as determined in the discretion of the CEO of the Company and subject to and only after the approval of the HR Committee. Vesting of RSUs and the issuance of related Class B non-voting shares to retiring participants, disabled participants or estates of deceased participants, will be made on the same dates as vesting of RSUs and issuances of Class B non-voting shares to other participants under the RSU Plan in accordance with the terms of the RSU Plan.

In the event of a Share Reorganization, such proportionate adjustments, if any, as the Board in its sole discretion may deem appropriate to reflect such change, shall be made with respect to the number of RSUs outstanding under the RSU Plan and Class B non-voting shares to be issued in respect thereof. No additional RSUs shall be granted to a participant to compensate for a downward fluctuation in the price of the Class B non-voting shares, nor shall any other form of benefit be conferred on, or in respect of, a participant for such purpose.

In the event that the Company enters into an agreement involving a Going Private Transaction, all outstanding and unvested RSUs will vest immediately prior to consummation of the Going Private Transaction in order to have the participants participate in the Going Private Transaction on the same basis as the other holders of Class B non-voting shares. Without limiting the rights of the Board under the RSU Plan to amend the terms and conditions of RSUs, including the right to accelerate the vesting of outstanding and unvested RSUs, the Board may accelerate the vesting of outstanding and unvested RSUs in connection with a bona fide offer (an "Offer") for voting or equity shares being made to shareholders of the Company generally, or to a class of shareholders of the Company, which Offer would include participants if the outstanding and unvested RSUs held by them were vested, and which Offer, if accepted in whole or in part, would result in the offeror exercising control over the Company.

Subject to any required approval of the TSX and subject to as provided below regarding shareholder approval, the Board may from time to time amend the RSU Plan and the terms and conditions of any RSUs thereafter to be granted thereunder and with the consent of the affected participant, if such amendment would adversely affect that participant's rights thereunder, may from time to time amend the RSU Plan and the terms and conditions of any RSUs which have been theretofore granted, in each case without the approval of the Company's shareholders.

The shareholders of the Company will be required to approve any amendment to the RSU Plan or any RSU which: (i) removes or increases the limits on insider participation under the RSU Plan described above; (ii) increases the number of Class B non-voting shares reserved for issuance under the RSU Plan (other than in connection with a Share Reorganization); (iii) broadens the categories of persons eligible to receive RSUs under the RSU Plan; (iv) amends the restrictions on assignment of RSUs, other than to permit the transfer of an RSU to a registered retirement savings plan, a registered retirement income fund

or to other similar plans for the benefit of participant; (v) requires the approval of shareholders under applicable law, including the rules, regulations and policies of the TSX; or (vi) amends the provisions of the RSU Plan requiring shareholder approval for certain amendments to the RSU Plan as described in this paragraph.

The following table sets forth the “burn rate” of the RSU Plan over the last three financial years.

PENSION PLAN BENEFITS

Defined Contribution Plans

The Company maintains a 401K defined contribution plan (“401K Plan”) for all employees in the United States in which Mr. Martin, Ms. Vaidyanathan and Mr. Rubino participate. The 401K Plan provides an employer match of 100% for the first 2% of the employee’s contribution and a 50% match of up to 4% of the employee’s contribution to the legal maximum. In 2023, the Company contributed \$31,178 (US\$23,100) for Mr. Martin, \$31,178 (US\$23,100) for Ms. Vaidyanathan and \$31,178 (US\$23,100) for Mr. Rubino. The Company maintains a defined contribution pension plan (the “DC Plan”) for certain Canadian executives, into which the Company contributes an amount equal to 9% of the executive’s base salary up to the maximum permitted by Canadian income tax laws. Mr. Washchuk’s benefit entitlement is 9% of base salary and annual bonus. This benefit is funded through the DC Plan mentioned above with the balance being supplemented by unfunded contributions (“Supplementary Plan”) accrued for by the Company and earning interest at the rate of the Canadian 20-year treasury bill as at January 15th of each year. In 2023, the Company contributed a total of \$107,295 to the DC and Supplementary Plans for Mr. Washchuk. The Company also maintains a pension plan for Mr. Birkner. Mr. Birkner’s pension plan is comprised of a two pillar system in which contribution levels are determined according to the age of the employee. In the case of Mr. Birkner, the first pillar provides for an employer contribution of 8.5% of pensionable salary and an 8% contribution by the employee. In addition, the employer makes a risk contribution of 1.74% of pensionable salary and employees make a risk contribution of 1.26% of their pensionable salary. The second pillar, which is a supplemental plan, provides for an employer contribution of 5% and an employee contribution of 5%. A risk contribution of 2.28% is also made by the employer and 1.32% is made by the employee. In 2023, the Company contributed \$97,577 (CHF64,948) to Mr. Birkner’s pension plan.

Deferred Compensation Plan

The Company also maintains a deferred compensation plan for certain key executives in which Mr. Martin, Ms. Vaidyanathan and Mr. Rubino participate. The Company contributes a maximum annual company contribution of 9% of base salary and annual bonus for Mr. Martin, and an annual company contribution of 4% of base salary and annual bonus for Ms. Vaidyanathan and Mr. Rubino. If participants, other than Mr. Martin, defer the maximum amount permitted under the 401K Plan, the Company will make a matching contribution to the participant’s deferred compensation account equal to 50% of the amount deferred by the participant. In 2023, the Company contributed \$435,316 (US\$322,528) for Mr. Martin, \$129,499 (US\$95,946) for Ms. Vaidyanathan and \$118,633 (US\$87,896) for Mr. Rubino. Contributions to the plan for Mr. Martin are fully vested. In the case of Ms. Vaidyanathan and Mr. Rubino, contributions vest at age 65 with 10 years’ service, or immediately upon death, disability or change of control. The HR Committee may approve earlier vesting at its discretion. The deferred compensation plan also allows executives to defer up to 20% of salary and 100% of annual cash bonuses. Elective deferrals vest immediately. The contributions accrue interest at the rate of 1.5% above the amount paid on United States 20-year treasury

bills established the first day of each plan year, and which is attributed to the participant's account monthly. Upon cessation of employment, elective deferrals and earnings thereon will be paid in a lump sum in the month of January following the plan's year end. Participants may elect, however, to receive payment of elective deferrals and earnings thereon in equal installments over a period of up to 10 years. Vested Company contributions to the plan will be paid in two substantially equal installments on the first and second anniversaries of the date on which the participant ceases employment. All contributions vest in the event of change of control of the Company. The deferred compensation plan is an unfunded plan and therefore considered a defined benefit plan under IFRS.

The following table shows, for Messrs. Martin, Washchuk, Rubino and Birkner, and for Ms. Vaidyanathan, certain information concerning their registered defined contribution plans, including the 401K Plan, the company contributions to the non-qualified pension portion of the deferred compensation plan and the non-registered, unfunded plans described above.

Employment Agreements

The Company has entered into employment agreements with Mr. Martin, Mr. Washchuk, Ms. Vaidyanathan, Mr. Rubino and Mr. Birkner.

Name	Date of Employment Agreement	Key Provisions
Geoffrey Martin	May 8, 2008	<ul style="list-style-type: none">• annual base salary subject to yearly review• entitled to participate in the Company's SMIP and certain LTIPs• entitled to standard benefits and perquisites of the type normally available to executive officers• contains standard non-competition and non-solicitation provisions• no provisions addressing a change of responsibility or constructive dismissal
Sean Washchuk	October 5, 2011	
Lalitha Vaidyanathan	January 1, 2012	
Ben Rubino	January 1, 2012	
Guenther Birkner	May 1, 2017	

In addition to the above, as part of his employment contract, Mr. Martin is eligible to receive a lump sum payment of \$385,677 (US\$285,750), after tax, upon retirement to fund medical benefits for Mr. Martin and his eligible dependents. This payment is only available on retirement if Mr. Martin elects to retire immediately following separation from the Company, and is subject to an annual reduction of 10% for each year over 60 if he has not retired. Mr. Martin is also eligible to receive this payment in the event of termination without cause.

Change of Control

By the terms of his employment agreement, Mr. Martin is entitled to 24 months of severance should his employment be terminated without cause. He is also entitled to receive the lump sum payment for retiree medical benefits described above. No further benefit is payable unless Mr. Martin's employment is terminated without cause within one year after a change of control of the Company. In such case, he is entitled to receive 36-months' severance (approximately \$13,778,572 (US\$10,208,618)) in lieu of 24 months, as provided by his employment agreement. In addition, Mr. Martin is eligible to receive the retirement medical benefit referred to in the earlier paragraph in the event of a change of control. None of the other NEOs are, by the terms of their employment agreements, entitled to any incremental payments or benefits upon a change of control.

Notwithstanding any other conditions that may determine their vesting, outstanding and unvested RSUs vest upon a change in control of the Company, other than RSUs awarded under the 2017-2025 LTRP, which vest upon completion of a Going Private Transaction as described under "2017-2025 LTRP" on page 49. PSUs awarded under the PSU Plan and RSUs awarded under the RSU Plan vest upon completion of a Going Private Transaction as described under "PSU Plan" and "RSU Plan" on pages 53 and 55, respectively.

COMPENSATION OF DIRECTORS

The Nominating and Governance Committee has responsibility for reviewing, and recommending to the Board, director compensation, which is currently conducted every two years. In May of 2022, the Nominating and Governance Committee conducted its biennial review of director compensation. Based on the results of the review, including analysis of peer data and advice received from external compensation consultants, and to recognize the work performed by the Board outside of meetings, the Nominating and Governance Committee recommended several changes to director compensation, which included moving to a flat-fee retainer and increasing the cash retainer. Meeting fees are no longer payable in connection with Board or Committee meetings. Directors resident in the United States are paid the US dollar equivalent amount of any cash retainers.

The following table sets forth the revised compensation received by directors, other than Donald G. Lang and Geoffrey T. Martin, which was approved by the Board as at May 12, 2022.

Annual Flat-fee Retainers	Amount
Directors <ul style="list-style-type: none"> • \$37,500 paid in DSUs • \$182,500 paid in cash 	\$220,000
Lead Director	\$30,000
Audit Committee Chair	\$25,000
Human Resources Committee Chair	\$20,000
Nominating and Governance Committee Chair	\$18,000
Corporate Social Responsibility Committee Chair	\$18,000

Directors are entitled to be reimbursed for their reasonable out-of-pocket expenses incurred in the business of the Company. No equity-based compensation (other than DSUs) is granted to directors. Donald Lang and Geoffrey Martin, being employees of the Company, received no fees in their capacity as directors. Mr. Martin received RSUs only in his capacity as an officer of the Company. The Company has no retirement policy or retirement compensation plan for directors.

Mr. Donald Lang, the Executive Chairman of the Company, is compensated as an officer of the Company. The Nominating and Governance Committee reviews his compensation and recommends any adjustment to the Board for approval. For the 2023 fiscal year, Mr. Lang's compensation consisted of a base salary of \$840,000 plus an annual bonus. As a corporate executive, Mr. Lang's annual bonus is based on adjusted EPS growth over the prior year as described under "Annual Incentive Plans" on page 30 hereof. His target bonus is 65% of salary. In 2023, adjusted EPS exceeded the level achieved in 2022 by 1% resulting in a bonus payment under the terms of the SMIP of 60% of target bonus equaling \$327,600. No changes were made to Mr. Lang's compensation in 2023.

The Company entered into a supplemental retirement agreement (the "SERP") dated January 1, 1996, with Mr. Lang. This agreement provides for an annual benefit of 2% for each year of service to a maximum of 60% of the average of the executive's five highest consecutive years' base salaries (i.e., excluding bonuses, stock options and non-cash benefits) prior to termination of employment. Payments commence upon retirement. On death of the executive, the pension is paid to the executive's spouse as a 60% joint and survivor pension for life. The Company's payment obligations are funded in part by a registered defined benefit plan, which provides the same benefit level as the SERP, to the maximum allowable benefit as determined by regulatory authorities. The balance is unfunded. The registered defined benefit plan provides for annual indexing of pension benefits based on inflation; however, this will not increase the overall pension benefit received by the executive from the combined registered plan and SERP. In the event of change of corporate control, the Company will pay to Mr. Lang, upon his request, 50% of the SERP value, increased in consideration of the applicable tax. The remaining 50% of the SERP will be paid, or will continue to be paid, as a pension benefit upon or during retirement. For the purpose of calculating the pension payment, as Mr. Lang has been employed with the Company for over 41 years, his pensionable service as of December 31, 2023 is the maximum 30 years. The total accrued benefit obligation under the

defined benefit plan and SERP for Mr. Lang as at December 31, 2023, was estimated at \$5,677,000. This calculation uses actuarial assumptions consistent with those used for calculating accrued pension benefit obligations as disclosed in the Company's 2023 consolidated financial statements. As these assumptions reflect the Company's best estimate of future events, the values shown may not be directly comparable to similar estimates of pension liabilities that may be disclosed by other companies.

The following table sets forth the amounts paid to the directors of the Company (other than Mr. Martin) in the 2023 calendar year:

Donald Lang and Geoffrey Martin hold no DSUs.

Indebtedness of Directors and Executive Officers to the Company and its Subsidiaries under Securities Purchase and Other Programs

As of February 29, 2024, none of the directors, officers or employees of the Company or its subsidiaries were indebted to the Company or its subsidiaries in respect of securities purchase and other programs.

Related Party Transactions

Related party transactions include those between the Company (including any subsidiary) and a director, officer or person holding more than 10% of the Company's Class A voting shares. If any related party transaction arises within the meaning of Canadian securities laws, the Nominating and Governance Committee has responsibility for reviewing the transaction and making a recommendation to the Board. There were no such related party transactions during 2023.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

As of July 8, 2023, the Company had purchased policies of insurance for the benefit of itself and its directors and officers against liability incurred by them in the performance of their duties as directors or as officers of the Company. The cumulative amount of the premium paid in respect of this policy in 2023 was \$714,581 (US\$529,437). The Company also purchased director and officer liability insurance in some foreign jurisdictions at an additional cost of \$10,185 (US\$7,546). The policies do not specify that any part of the premium is paid in respect of either directors as a group or officers as a group. The entire premium is paid by the Company. The aggregate amount of coverage under the policies is \$114,724,500 (US\$85,000,000) in respect of any one occurrence. By the terms of the policies, the Company may claim for 100% of the loss, up to the policy aggregate, over and above the first \$2,024,550 (US\$1,500,000), such

\$2,024,550 (US\$1,500,000) being the deductible for the Company under the primary policy. In addition, in certain limited circumstances where complete indemnity of the director or officer by the Company is not possible, the director or officer may claim on the policies for 100% of the loss, without a deductible being applicable. In addition to the above policies, there is a further \$13,497,000 (US\$10,000,000) coverage layer above \$114,724,500 (US\$85,000,000) for the directors and officers (Side A Difference in Conditions (DIC) Excess), which provides dedicated and exclusive limits for claims made against directors and officers only when the Company cannot or will not indemnify the individual. The policy contains standard industry exclusions.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board has formalized its corporate governance policies and practices in writing. These include a written mandate of the Board, charters of each Committee of the Board and a description of the roles and responsibilities of each of the Executive Chairman, the CEO and Lead Director of the Company, and other governance-related policies, including with respect to the conduct of Board meetings, director qualification, director equity ownership requirements, orientation for new directors and continuing education for all directors, evaluations of the effectiveness of the Board, and diversity of the Board. The Board has also adopted a code of business conduct and ethics for its directors, officers and employees, entitled the “Global Business Ethics Guide,” and a written communications and public disclosure policy, entitled the “Disclosure Policy.” The Board mandate, Committee charters and position descriptions for the Executive Chairman, the CEO and Lead Director, as well as the Global Business Ethics Guide and the Disclosure Policy, may be viewed on the Company’s website at www.cclind.com.

The Nominating and Governance Committee initiates, every second year (or more frequently, as the board may determine from time to time), a formal assessment of the Board as a whole. The scope and process for the assessment are determined by the Nominating and Governance Committee. Currently, the assessment is initiated by the completion of an online questionnaire and addresses four key areas: Board Composition, Board Operations, Board Oversight and Board Committees. The results of the questionnaire are compiled anonymously and circulated to all Board members. One-on-one interviews are then conducted by the Lead Director with each director to review the results and to solicit each director’s views on the effectiveness of the Board, its Committees and individual directors. The key findings of the assessment are presented to the Nominating and Governance Committee by the Lead Director and the Committee considers any recommendations to the Board regarding governance matters and monitors their implementation. The most recent formal assessment was completed in February of 2024. The Lead Director and Chair of the Nominating and Governance Committee presented the results of the survey, interview process and recommendations at the February 2024 Board meeting. The primary focus of the survey results was on oversight of acquisitions and capital allocation, long-term strategic planning, and CEO succession planning. The Nominating and Governance Committee monitors progress regarding any recommendations.

The following disclosure responds to the requirements of National Instrument 58-101, *Disclosure of Corporate Governance Practices* of the Canadian Securities Administrators (“NI 58-101”), which focus on gender diversity disclosure, as well as the requirements of the CBCA, which focus on broader diversity disclosure. The CBCA requires certain disclosure regarding “*designated groups*,” being women, Aboriginal peoples, persons with disabilities and visible minorities. These terms have the meanings within Canada’s *Employment Equity Act*. Disclosure of the number of members of designated groups was obtained through the administration of a self-identification questionnaire circulated to the Company’s Board and executive officers. The term “*executive officers*,” as used in NI 58-101, and “*members of senior management*,” as used in the CBCA, have the same meaning.

Disclose the identity of directors who are independent.

The Board presently has seven independent directors out of a current total of 11 directors. Angella V. Alexander, Linda G. Cash, Vincent J. Galifi, Kathleen L. Keller-Hobson, Douglas W. Muzyka (retiring at the Meeting), Thomas C. Peddie and Claude Tessier are independent directors. Assuming election of all the director nominees at the Meeting, the Board will have six independent directors out of a total of 10 directors.

The independence of directors is assessed and determined annually by the Nominating and Governance Committee through a questionnaire distributed to directors and subject to confirmation by the Board. In making its determination, the Nominating and Governance Committee relies on the definition of independence contained in Section 1.4 of National Instrument 52-110 – *Audit Committees*. A director is considered independent if he or she does not have a direct or indirect material relationship with the Company. A material relationship is defined as a relationship, which could, in the view of the Board, reasonably interfere with a director’s ability to make independent decisions. The Board is committed to maintaining a majority of independent directors.

Disclose the identity of directors who are not independent, and describe the basis for that determination.**Independence of Directors**

The roles of the Executive Chairman of the Board and of the CEO are separate, and the Board has a Lead Director who is an independent director. A quorum for Board and Board Committee meetings is a majority of the member directors.

Disclose whether or not a majority of directors are independent.

A majority of the directors are independent.

If a director is presently a director of any other issuer that is a reporting issuer in a Canadian jurisdiction or a foreign jurisdiction, identify both the director and the other issuer.

Kathleen L. Keller-Hobson is a director of Premium Brands Holdings Corporation. Douglas W. Muzyka is a director of Chemtrade Logistics Income Fund and Stella-Jones Inc. Claude Tessier is a director of the TMX Group Limited and WSP Global Inc.

Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year.

Each meeting of the Board includes an *in camera* session, chaired by the Lead Director, at which only independent directors are present. Six meetings of the Board were held during 2023, all of which included an *in camera* session of the independent directors only. Each Board Committee meeting (other than the Corporate Social Responsibility Committee) also includes an *in camera* session at which only independent directors are present. The Corporate Social Responsibility Committee, whose membership includes two non-independent directors, has an *in camera session* of directors only excluding the CEO at each meeting.

Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities.

The Executive Chairman, Donald Lang, is not an independent director. Accordingly, in accordance with good governance practices, the Board has appointed Kathleen Keller-Hobson, an independent director, as Lead Director. The responsibilities of the Lead Director are as follows:

- To develop the agenda for *in camera* Board meetings where only independent directors are present;
- To act as a liaison between management and the Board where and if required, if the Executive Chairman is not available;
- To chair Board meetings in the absence of the Executive Chairman;
- To consider any other appropriate structures and procedures to ensure that the Board can function independently of management;
- To undertake the lead on any other corporate governance matters that the Board may request from time to time;
- To discuss with the Executive Chairman any concerns of the independent directors;
- To provide feedback to the Executive Chairman and act as a sounding board with respect to strategies, accountability and other issues; and
- To review and approve the travel and entertainment expenses of the Executive Chairman.

Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

Please refer to the tables under "Election of Directors," above. In addition, Mr. Muzyka attended 6 of 6 board meetings and 6 of 7 committee meetings.

Disclose the text of the board's written mandate.

Please see the Board's mandate, under "The Mandate of the Board," below.

Disclose whether or not the board has developed written position descriptions for the chair and the chair of each board committee.

The position descriptions for the Executive Chairman and the Lead Director are available on the Company's website at www.cclind.com. The position description for the chair of each Board Committee is included in that Committee's charter. The charters of the Board Committees are set out under "Board Committees" below and are also available on the Company's website.

Disclose whether or not the board and the CEO have developed a written position description for the CEO.

The Board has adopted a position description for the CEO, which is available on the Company's website at www.cclind.com.

Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal, describe the term limits or other mechanisms, and, if it has not adopted such measures, why it has not done so.

The Company has a mandatory director retirement age of 75. The Board, on the recommendation of the Nominating and Governance Committee, has waived this limit to permit Mr. Thomas C. Peddie to serve an additional year as Mr. Muzyka is retiring as a director effective the date of the Meeting.

The Company does not have term limits, but the Board conducts a formal evaluation of Board performance every two years and considers annually the skills and competencies required on the Board. The Nominating and Governance Committee also considers, through on-going candid discussions held at each meeting, the effectiveness and contribution of Board members and determines whether a renewal is appropriate.

Disclose whether the issuer has adopted a written policy relating to the identification and nomination of members of designated groups as directors. If such a policy has been adopted, disclose a short summary of its objectives and key provisions, the measures taken to ensure that it has been effectively implemented, annual and cumulative progress by the issuer in achieving the objectives of the policy, and whether and, if so, how the board or its nominating committee measures the effectiveness of the policy. If no such policy has been adopted by the issuer, disclose why it has not done so.

The Board has adopted a written diversity policy to reflect its commitment to identifying and nominating diverse candidates to the Board. "Diversity" in the policy is defined broadly to include but not be limited to business experience, geography, gender, age and ethnicity. The Board believes in diversity and values the benefits that diversity can bring to the Board. The Board believes that diversity promotes the inclusion of different perspectives and ideas, mitigates against groupthink and ensures that the Company has the opportunity to benefit from all available talent.

The objective of the Diversity Policy is to acknowledge the Board's intention to have a diverse Board and specifically address the process for ensuring that diverse candidates are identified and considered in any director search process.

The Nominating and Governance Committee will ensure that, whenever a nominee to the Board is sought, that both women and ethnically diverse candidates are included in the short list of candidates identified for consideration. Any necessary resources, including those of a search firm, are available to the Nominating and Governance Committee. At the conclusion of each director recruitment process, the chair of the Nominating and Governance Committee will report to the Board concerning the details of the recruitment process, the extent to which the objectives of the diversity policy have been achieved and, if the objectives have not been achieved, an account of the reasons.

The Board assesses the effectiveness of the policy through the Nominating and Governance Committee's annual review of the Board composition, including the breadth of diversity represented on the Board. The Board has made a deliberate effort to increase the geographic, age, ethnic and gender diversity of the Board, which has resulted in the Board being comprised of four women (or 36%) and one visible minority (or 9%).

Disclose whether and, if so, how the board or nominating committee considers the level of representation of designated groups on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of such representation, disclose the issuer's reasons for not doing so.

The Board is committed to continuing to increase its diversity. The Nominating and Governance Committee considers annually the skills and competencies and diversity represented on the Board. Please see the discussion under "Board Diversity Policy," below, as to the Board's recruitment efforts in 2023.

Disclose whether and, if so, how the issuer considers the level of representation of designated groups in executive officer positions when making executive officer appointments. If the issuer does not consider the level of such representation, disclose the issuer's reasons for not doing so.

The Company is committed to a merit based system within a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination. The Company does not use gender or membership of any other designated group alone as a determining criterion in the selection of executive officers, but rather as one of several key selection criteria, including ability, experience, leadership, preparation and professional qualification. The Company is committed to promoting women and other members of designated groups to executive officer positions and to ensuring that they are fairly considered relative to other candidates. The Board, the Nominating and Governance Committee and the HR Committee routinely discuss the promotion of diversity.

Given the nature of the Company's global business, its business unit leaders and local management reflect the diversity of the many cultures in which it does business.

Disclose whether the issuer has, for each of the designated groups, adopted a target number or percentage, or a range of target numbers or percentages, for members of the group to hold positions on the issuer's board by a specific date. If such a target has been adopted for any designated group, disclose the target and the annual and cumulative progress by the issuer in achieving that target. If the issuer has not adopted a target for any of the designated groups, disclose why it has not done so.

The Board has not adopted targets as it is committed to diversity and has made it a priority in recent director recruitment efforts. The Board has successfully increased diversity without the use of a target the last three years and the percentage of women currently represented on the Board is 36%.

Disclose whether the issuer has, for each of the designated groups, adopted a target number or percentage, or a range of target numbers or percentages, for members of the group to hold executive officer positions by a specific date. If such a target has been adopted, disclose the target and the annual and cumulative progress by the issuer in achieving that target. If the issuer has not adopted a target for any of the designated groups, disclose why it has not done so.

The Company has not adopted targets as the Company makes such appointments based on a number of criteria to meet specific operational needs. As noted above, the Company is committed to promoting diversity and to ensuring that all members of designated groups are fairly considered relative to other candidates.

For each designated group, disclose the number and proportion (in percentage terms) of directors on the issuer’s board who are members of each designated group.

As of the date hereof, there are four women on the Board of 11, representing 36% of directors and one of whom is a member of a visible minority, representing 9% of directors. Assuming election of all the director nominees at the Meeting, there will be four women on the board of 10, representing 40% of board members and one visible minority, representing 10% of board members.

One director is a member of more than one designated group.

There are currently no persons who identify as members of other designated groups on the Board.

For each designated group, disclose the number and proportion (in percentage terms) of executive officers of the issuer, including all major subsidiaries of the issuer, who are members of each designated group.

As of the date hereof, 18 or 44% of the 41 executive officers of the Company, including all major subsidiaries, are members of designated groups:

- Seven or 17% are women
- 11 or 27% are visible minorities.
- Two executive officers are members of more than one designated group.
- There are currently no executive officers who identify as members of other designated groups.

Briefly describe what measures the board takes to orient new directors regarding (i) the role of the board, its committees and its directors, and (ii) the nature and operation of the issuer’s business.

Please refer to “Orientation of New Directors and Continuing Education of Directors,” below.

Briefly describe what measures, if any, the board takes to provide continuing education for its directors.

Please refer to “Orientation of New Directors and Continuing Education of Directors,” below.

Disclose whether or not the board has adopted a written code of business conduct and ethics for the directors, officers and employees. If the board has adopted a written code:

- disclose how a person or company may obtain a copy of the code;**
- describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and**
- provide a cross-reference to any material change report filed since the beginning of the issuer’s most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code.**

The Board has adopted a written code of business conduct and ethics for its directors, officers and employees.

- A copy of the code may be viewed on the Company’s website at www.cclind.com.

(ii) The HR Committee is responsible for reviewing and considering any amendments to the Global Business Ethics Guide. It is also responsible for monitoring its administration and compliance, and granting any waivers in respect of the code. The Company makes available an anonymous hotline for the reporting of suspected breaches of the code. Submissions or complaints made on the hotline are reviewed for investigation and resolution of issues by the Senior Vice President, Finance-IT-Human Resources, who reports hotline matters to the Board through the HR Committee, and, where applicable, through the Audit Committee. In addition, senior executives and general managers are required to sign an annual compliance certification confirming compliance with the Global Ethics Guide.

(iii) There have been no relevant material change reports.

Describe any steps the board takes to ensure directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Should any matter arise in which a director has a material interest, they are required to declare their interest and recuse themselves from the discussion and voting on such matter. In addition, a director shall notify the Executive Chairman or Chair of the relevant Committee, as the case may be, in any circumstance where they believe there may be a perceived conflict of interest. Any material interest of an executive officer is required to be reported to the Board. The independent directors will discuss any such matter *in camera* and may retain independent counsel. The Nominating and Governance Committee is required to consider and make a recommendation to the Board regarding any related party transaction.

Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Board and management have reviewed and approved the Company's Global Business Ethics Guide and management has been charged with the responsibility of distributing and presenting this code of conduct to the Company's employees. The General Manager of each business unit is charged with ongoing promotion of the code to the employees under their authority.

Describe the process by which the board identifies new candidates for board nomination.

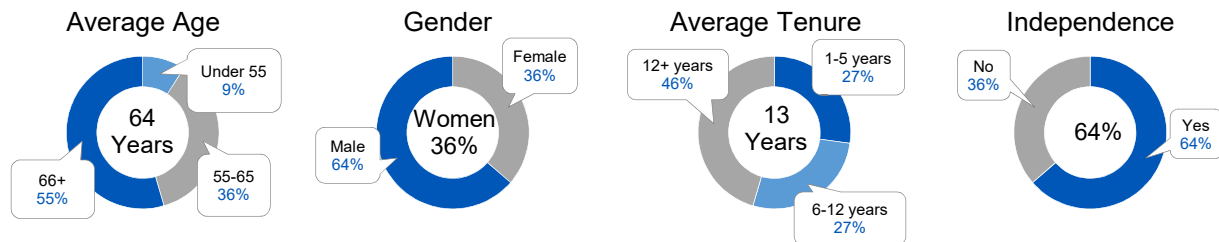

The Nominating and Governance Committee has developed a matrix of skills and competencies important to the Company's business and strategic direction and identified members of the Board with such skills and competencies. This matrix is reviewed and updated on an annual basis to identify any under-represented skills and competencies and to review the diversity represented on the Board, and is used as the basis of further director recruitment efforts. In the event that the Board determines that it wishes to increase the size of the Board or replace a retiring director, the director recruitment process is overseen by the Nominating and Governance Committee, which is guided by the matrix of skills and competencies and other criteria identified by the Committee as valuable, as well as by the Board Diversity Policy which prescribes the manner in which diversity considerations shall be taken into account.

See also “Item 17 – Audit Committee” of the Company’s Annual Information Form dated February 22, 2024.

Interlocking Directors

A director will not be appointed or nominated for election or re-election, if such election or appointment would result in two directors of the Company serving together on the Board of another public company. Directors are required to advise the Executive Chairman and the Chair of the Nominating and Governance Committee of their intention to join or be nominated for election to the Board of another public company in order to avoid board interlocks. There are no interlocks involving the Company’s Board and the board of any other public company.

Overboarding

A non-executive director may not serve on more than four public company boards (i.e., three outside boards) or, in the case of the Lead Director, three public company boards (i.e., two outside boards). An executive director may not serve on more than two public company boards (i.e., one outside board), and must consult with the Nominating and Governance Committee before joining any outside board (other than the board of a related holding company). All directors are in compliance with this policy.

Equity Ownership Requirements

The Company requires each director to hold, directly or indirectly, shares and/or DSUs of the Company with an acquisition cost of not less than three times the amount of the then current annual retainer within three years of the Director’s initial election or appointment, and to maintain such interest throughout the period of their directorship. Prior to May of 2022, the calculation of the equity ownership target was based on the annual cash retainer and did not include meeting fees. As the Board increased director compensation in May of 2022, including an adjustment to reflect a flat-fee retainer with no additional meeting fees, the equity ownership target increased from \$450,000 to \$660,000. Each director has three years from the date of the increase (i.e., May 2025) to acquire additional DSUs or shares with an acquisition value equal to the amount of the increase. Ms. Angella Alexander and Mr. Tessier, who joined the Board on February 1, 2023 and December 1, 2026, respectively, have until 2026 to attain their equity ownership requirement.

The Company encourages equity ownership by directors by making available its DSU Plan, through which directors may receive cash remuneration in DSUs until the equity ownership requirement is met. In addition, director compensation includes an annual grant of DSUs with a value of \$37,500 on the date of grant. Accordingly, on May 19, 2023, a grant of 547 DSUs was made to each director who was not also an employee of the Company, apart from Mr. Tessier who joined the Board on December 1, 2023, and received a prorated grant of 275 DSUs on December 1, 2023. The market value of the equity holdings of each director appears in the table set forth under “Election of Directors,” above.

In addition, the Company requires each of the Executive Chairman and the CEO, within five years following their initial appointment to hold, directly or indirectly, shares, RSUs or PSUs of the Company, valued at the higher of acquisition cost or market value, in an amount equal to not less than six times their base salary from time to time, and they must continue to hold such value of shares throughout their term of office. The Executive Chairman and CEO both meet this requirement.

Board Diversity Policy

The Board believes in diversity and the benefits that diversity can bring to the Board. The Board is committed to a merit-based system for Board composition within a diverse and inclusive culture which solicits multiple perspectives and views and is free of conscious or unconscious bias and discrimination. The Company has adopted a diversity policy to acknowledge the Company’s commitment to the promotion of diversity on its Board. “Diversity,” for purposes of the policy, includes but is not limited to business experience, geography, gender, age and ethnicity. The Board will use its reasonable efforts to ensure that the further recruitment of directors is reflective of its intent to advance the principle of diversity.

The Board considers director candidates on merit using objective criteria, with regard to the benefits of diversity. The Nominating and Governance Committee of the Board will seek candidates of diverse backgrounds, who demonstrate noteworthy accomplishment in their business or professional careers and significant expertise and experience in those skills and competencies identified by the Committee as requiring additional representation on the Board. In particular, the Board is committed to an identification and nomination process that will identify qualified women and ethnically diverse candidates. Accordingly, the Nominating and Governance Committee will seek to ensure that, whenever a nominee to the Board is being considered, that both women and ethnically diverse candidates are included in the short list of candidates identified for consideration. Any necessary resources, including those of a search firm, are available to the Nominating and Governance Committee in identifying women or other diverse candidates. Any search firm engaged will be specifically directed to include diverse candidates generally, and multiple women candidates in particular. To permit the Board to monitor and assess the effectiveness of this policy, at the conclusion of each director recruitment process, the chair of the Nominating and Governance Committee will report to the Board concerning the details of the recruitment process, and the extent to which the objectives of this policy have been achieved and, if the objectives have not been achieved, an account of the reasons that the objectives have not been achieved.

In February of 2023, the Company appointed Ms. Angella V. Alexander, who brings to the Board deep industrial manufacturing sector and human resources expertise, as well as diversity in terms of business experience, gender and age.

In August of 2023, the Nominating and Governance Committee commenced a director recruitment process following a review of the skills and competencies that would add the most value to the Board. The Nominating and Governance Committee identified a number of candidates with the desired skills and experience, including women and other diverse candidates. As a result of this process, the Company announced on December 1, 2023, the appointment of Mr. Claude Tessier who brings to the Board deep financial expertise, as well as extensive experience in capital markets and financings, global mergers and acquisitions, strategic planning, operations and risk management, and governance of publicly traded companies.

Orientation of New Directors and Continuing Education of Directors

The Executive Chairman oversees the carrying out of the orientation program for new directors and continuing education program for all directors, as established from time to time by the Nominating and Governance Committee. In the case of orientation of a new director, the director is given immediate access to the Company's Board portal, which includes materials provided to the Board and its Committees in respect of previous meetings and various Board and Committee resources including the Company's "Directors Information Manual." The manual includes the meeting schedule for Board and Committee meetings, a list of the directors, Committee members and chairs, the Statement of Governance Policies, details of the Company's directors and officers insurance coverage, the Disclosure Policy, the DSU Plan and the Global Business Ethics Guide. The new director also has access to the recent public disclosure and regulatory filings of the Company, news releases and recent analysts' reports.

The Executive Chairman organizes meetings with the CEO, the Lead Director, and the chairs of the Committees of which the new director will be a member, to assist the new director in becoming familiar with the workings, procedures and operating style of the Board and its Committees and the business, operations and structure of the Company. Meetings and discussions with members of senior management at Board meetings and at other occasions provide an opportunity to develop a deeper understanding of the market advantages enjoyed by the Company through its technological capabilities and its international scope in its targeted industry segments, and to anticipate business opportunities that may come to the Board for support and approval. Tours of some of the Company's plants may also be organized.

Ongoing director education respecting the Company, its operations, its business environment and its markets, as well as the evolving role of the director in the governance of public companies is addressed chiefly through the following practices:

Meetings - Meetings of the Board typically involve briefings concerning the Company's business and the business environment in which it operates. Materials delivered to directors prior to quarterly meetings include a "Board Letter" from the CEO in which he reviews recent developments within the Company, financial results, suppliers and customers, risks, as well as economic trends likely to impact these businesses, the competitive environment, and business development and acquisition opportunities. At each quarterly Board meeting, the chair of each of the Committees briefs the Board on the deliberations of that Committee and presents any matters recommended by the Committee for Board approval. The Board receives regular briefings from internal management. From time to time, the Board receives presentations from external experts and industry participants may also be invited to discuss salient industry issues, market trends, technology developments, strategic opportunities or specific challenges facing the Company and its management.

Plant Visits – It is the practice of the Company to conduct its third quarter Board and Committee meetings at one or more of its manufacturing plants around the world. This allows the directors an opportunity to meet the Company's management in different geographic markets and circumstances, view the differences and similarities in the foreign locations and come to a better understanding of the unique needs and advantages that such facilities experience, and the business opportunities that foreign markets have to offer. In June of 2023, a guest speaker was invited to present to the Board on the RFID industry. In November 2023, the Board visited three of the Company's manufacturing facilities in the Netherlands with a focus on the Healthcare & Specialty business of the CCL segment and the kids' label and horticultural tag and label businesses of the Avery segment. The visit also included a guest speaker who presented to the Board on the label industry in Europe. In addition, the Board visited the Company's CCL Design manufacturing facility in Stuttgart, Germany. The meetings included presentations from senior management of Healthcare & Specialty, Avery and CCL Design and a tour of the manufacturing facilities. The directors of the Company travel broadly and are encouraged to seek out opportunities in their travels to pay individual visits to the Company's plants around the world. Last year, individual directors visited plants in Brazil, Canada, Mexico and the United States.

Management Visits– In addition to meeting members of senior management at Board meetings, directors are encouraged to meet independently, from time to time, with members of management to develop a better understanding of their responsibilities and the Company's operations.

Wide Spectrum Participation – The Committees of the Board welcome the attendance of other directors who are not regular members of a Committee as guests. Although such a guest director does not vote on the deliberations of a Committee, he or she nevertheless gains an understanding of the issues, policies, regulatory environment and specific concerns that drive the decision-making of the Committee. This is particularly so in the case of the Audit Committee, and all directors are, accordingly, expected to attend those meetings. At meetings of the Audit Committee, the directors are briefed from time to time by the Company's auditor, KPMG LLP, on recent developments in accounting and auditing standards, and also meet separately with the Company's internal auditor.

Association Membership – The Company enrolls, at its own cost, all of its directors as members of the Institute of Corporate Directors, a body dedicated to the development of excellence in directorship skills and knowledge, and directors may attend its continuing education programs at the Company's expense. In addition, the Company encourages participation by its directors in industry associations, particularly those of an international nature. When circumstances permit, the Company also encourages attendance by directors, particularly in the company of members of the Company's operating management, at the various industry trade shows in North America and Europe.

Distribution of Media Coverage and other Publications – The Executive Chairman and the CEO regularly circulate to the directors copies of relevant newspaper articles, analysts' reports, industry reports and other publications. Chairs of the various Committees also circulate materials on governance developments and trends and other relevant publications.

Disclosure Policy

The Company has a written policy, reviewed biennially (or more frequently, as required) by the Nominating and Governance Committee, concerning the timely disclosure and dissemination of material information, establishing procedures to avoid selective disclosure and prohibiting the use of material, undisclosed information for purposes of trading in the Company's securities by officers and employees of the Company. To prevent selective disclosure, the policy requires employees to direct all outside inquiries to the Executive Chairman, the CEO or the CFO (the "Responsible Officers"). In addition, trading in the Company's securities by the Company's officers and directors is restricted from the time of commencement of the preparation of its quarterly and annual financial statements until the statements have been released to the media and distributed to the public and at all other times when there may be material undisclosed information. During such periods, employees involved in the preparation of such statements are required to maintain confidentiality and may not trade in the Company's securities. In addition, directors and senior officers are required to advise the Responsible Officers of the Company of any intended trade in the Company's securities, so that a determination can be made as to whether the timing of the trade would be appropriate in view of the Company's policy concerning timely disclosure of material information.

The Executive Chairman, the CEO and CFO together have responsibility for communicating financial information of the Company to shareholders, the media and the investment community, and for receiving and responding to inquiries and comments from them. The CFO has responsibility for developing the Company's annual report to its shareholders, and for disseminating general information concerning the activities of the Company. In addition to the foregoing, the Company has established a "Disclosure Committee" made up of key persons within the Company's internal flow of information to review and verify the information to be disclosed in the Company's news releases and regulatory filings. The Company provides timely information regarding its activities to its shareholders and others through news releases and the distribution of quarterly and annual reports, and responds through its appointed officers to inquiries that these documents may generate. The Company's news releases are also posted to its website at www.cclind.com. Meetings with analysts and institutional shareholders held at the conclusion of quarterly reporting periods are accessible by conference call on a dial-in basis to interested members of the public. The presentations in connection with the quarterly conference calls are also posted to the Company's website at www.cclind.com.

Climate Change

Climate change impact to the Company's business is assessed on an ongoing basis by management and reviewed by the Board from a strategic and risk management perspective, as well as considered by the Corporate Social Responsibility, Human Resources and Nominating and Governance Committees in their ongoing oversight of ESG matters, including sustainability initiatives. Event risks caused by global climate change, including the frequency and severity of weather-related events, could damage the Company's facilities, disrupt operations, impact revenues and cash flow, and create financial risk. These could result in substantial costs for emergency response efforts during the event, reinstatement of regular business operations and repair or replacement of premises and equipment. The potential impact or financial consequence of such events is highly uncertain. The Company's operations are spread over more than 200 locations around the world and therefore subject to varying climate change event risks. The Company maintains insurance coverage for its facilities which it believes are customary or reasonable given the cost of procuring insurance and current operating conditions; however, there can be no assurance that such insurance will continue to be available or cover all loss and liability arising from such events, particularly business interruption. The Company's supply chain and distribution network could also be impacted by such events, which are difficult to predict. Global climate change also gives rise to other risks to the Company's business and operations, including increased regulation and market shifts in supply and demand, which are also difficult to predict. Many countries in which the Company carries on business are at differing stages of developing policy and regulations regarding carbon emissions and other environmental impacts, which could significantly affect the Company's business, create financial obligations and increase operating costs. Increased public awareness of climate change may impact consumer demand for the Company's customers' products. The Company is working closely with customers to innovate products that address their sustainable packaging needs and the changing demands of the consumer. The Company has increasingly been driving sustainable practices and deploying initiatives to reduce its carbon footprint, create cost-savings, and position the Company as a leader in sustainable packaging design. This includes investing in resource-saving technologies and waste-reducing processes. The Company is also working internally with employees and externally with supply chain partners to create more efficient and sustainable options that not only mitigate risk but also create additional opportunities out of climate-related market shifts. For additional information on the Company's sustainability initiatives, please refer to the Sustainability Report available on the Company's website at www.cclind.com/sustainability.

Auditor Assessment

In 2023, the Audit Committee performed an assessment of the performance of KPMG LLP as part of its reappointment recommendation. In assessing the performance of KPMG LLP, the Committee focused on three key areas:

- Independence, objectivity and professional skepticism
- Quality of the engagement team
- Quality of communication and interaction with the external auditors

The assessment process included interviews with all Audit Committee members and applicable members of senior management of the Company, to ensure that service quality levels and areas of audit focus meet with the expectations of the Audit Committee.

In addition, the Audit Committee met quarterly with external auditors and applicable members of senior management, to ensure that appropriate audit quality and timeliness of reporting is maintained on a consistent basis.

As a result of this assessment process, the Audit Committee and the Board recommend the reappointment of KPMG LLP as the auditor of the Company.

SHAREHOLDER ENGAGEMENT

Management engages with shareholders in a number of ways, including quarterly conference calls with the investment community to review financial and operating results, attending investor meetings, attending and participating in industry conferences and organizing plant tours and meetings with senior management for investors and analysts.

The Board believes that good governance involves meaningful engagement with shareholders on governance topics to enhance Board credibility and authority, provide comfort on the “tone at the top” and increase the goodwill and trust of shareholders. The Board engages with the Company’s largest shareholders on a regular basis. Areas that are appropriate for discussion are Board structure, composition and leadership; governance policies and practices; executive compensation philosophy; succession planning; and Board oversight of strategy and risk, including ESG/climate change risks and opportunities.

The Nominating and Governance Committee has established principles regarding shareholder engagement. These principles provide that the Committee review the Board’s engagement with shareholders and any shareholder organizations (such as the Canadian Coalition on Good Governance) on an annual basis. The Committee organizes meetings with approximately four or five of the Company’s largest shareholders every two to three years, taking into account any preferences as to meeting frequency indicated by shareholders. Any requests received from time to time by shareholders for a meeting with Board members are separately addressed. The Lead Director, Chair of the Nominating and Governance Committee, Chair of the Human Resources Committee and Chair of the Corporate Social Responsibility Committee attend the meetings, or such two or more independent directors as the Committee determines. The independent directors last held meetings with certain large shareholders in fall of 2022.

In December of 2023, the Company held an investor day with approximately 30 of the Company’s shareholders. The event consisted of presentations from the leaders of each of the Company’s businesses within the CCL, Avery, Checkpoint and Innovia segments, as well as a Q&A session following each presentation.

Shareholders who wish to communicate directly with the Company’s Board, may do so by sending an e-mail to boardofdirectors@cclind.com.
