# CCL Industries Inc. Announces Renewal of Normal Course Issuer Bid and Approval of Automatic Securities Purchase Plan

**Toronto, May 22, 2026** – CCL Industries Inc. (“the Company” or “CCL”), a world leader in specialty label, security and packaging solutions for global corporations, government institutions, small businesses and consumers, announced today that the Toronto Stock Exchange (“TSX”) has accepted a notice filed by the Company to proceed with the renewal of its normal course issuer bid (the “Bid”). Under the Bid, the Company is authorized to acquire up to 14,100,000 of its Class B non-voting shares, being approximately 10.00% of the public float of the Class B non-voting shares as of May 14, 2026. No Bid is proposed to be made for the Company’s Class A voting shares.

All purchases will be made through the facilities of and in accordance with the rules of the TSX and all Class B non-voting shares purchased will be cancelled. Except where reliance is placed on the TSX’s block purchase exemption, the maximum number of Class B non-voting shares that could be purchased under the Bid on any trading day will be limited to 82,237 Class B non-voting shares. The average TSX daily trading volume for the six-month period ended April 30, 2026, was 328,951 Class B non-voting shares.

The Bid will commence on May 26, 2026, and end no later than May 25, 2027. CCL’s management believe that such purchases are an appropriate and desirable use of available funds.

The Company also announced today that, in connection with its intention to renew the Bid, the Company has received TSX approval to enter into an automatic securities purchase plan (the “ASPP”) with a designated broker to allow for the purchase of Class B non-voting shares under the Bid during predetermined times when the Company would ordinarily not be permitted to purchase shares due to customary blackout periods. Purchases under the ASPP will be made by the Company’s broker based upon parameters set by the Company when it is not in possession of any material non-public information about itself and its securities, and in accordance with the terms of the ASPP. Outside of predetermined blackout periods, Class B non-voting shares may be purchased under the Bid based on management’s discretion, in compliance with TSX rules and applicable securities laws.

Pursuant to a previous notice of intention to conduct a normal course issuer bid, under which Company sought and received approval from the TSX to purchase up to 14,450,000 Class B non-voting shares for the period of May 26, 2025 to May 25, 2026, the Company has purchased, as of May 14, 2026, 4,258,002 Class B non-voting shares on the open market at an average purchase price of \$82.88 per share. As of May 14, 2026, the issued and outstanding number of Class B non-voting shares was 159,498,633 and the public float of the Class B non-voting shares was 141,048,961. Purchases were made through the facilities of the TSX and all Class B non-voting shares purchased were cancelled.

### ***Forward-looking Statements***

This press release contains forward-looking information and forward-looking statements (hereinafter collectively referred to as “forward-looking statements”), as defined under applicable securities laws, that involve a number of risks and uncertainties. Forward-looking statements include all statements that are predictive in nature or depend on future events or conditions. Forward-looking statements are typically identified by the words “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans” or similar expressions. Statements regarding the operations, business, financial condition, priorities, ongoing objectives, strategies and outlook of the Company, other than statements of historical fact, are forward-looking statements. Specifically, this press release contains forward-looking statements regarding the commencement and expiry of the Bid and the number of Class B shares that might be acquired under the Bid.

Forward-looking statements are not guarantees of future performance. They involve known and unknown risks and uncertainties relating to future events and conditions including, but not limited to, the impact of competition; consumer confidence and spending preferences; general economic and geopolitical conditions; currency exchange rates; interest rates and credit availability; technological change; changes in government regulations; risks associated with operating and product hazards; and the Company’s ability to attract and retain qualified employees. Do not unduly rely on forward-looking statements as the Company’s actual results could differ materially from those anticipated in these forward-looking statements. Forward-looking statements are also based on a number of assumptions, which may prove to be incorrect, including, but not limited to, assumptions about the following: global economic environment and higher consumer spending; improved customer demand for the Company’s products; continued historical growth trends, market growth in specific sectors and entering into new sectors; the Company’s ability to provide a wide range of products to multinational customers on a global basis; the benefits of the Company’s focused strategies and operational approach; the achievement of the Company’s plans for improved efficiency and lower costs, including stable aluminum costs; the availability of cash and credit; fluctuations of currency exchange rates; fluctuations in resin prices; the Company’s continued relations with its customers; the Company’s estimated annual cost; and economic conditions. Should one or more risks materialize or should any assumptions prove incorrect, then actual results could vary materially from those expressed or implied in the forward-looking statements. Further details on key risks can be found in the Management’s Discussion and Analysis section of the 2025 Annual Report, particularly under Section 4: “Risks and Uncertainties.” CCL Industries Inc.’s annual and quarterly reports can be found online at [www.cclind.com](http://www.cclind.com) and on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca) or are available upon request.
